The Villager Bennett Obi,2014-07-18 In a community where everybody was caught up in the vicious web of poverty ignorance and disease a woman of foresight decided to extricate her family from the claws of that endless cycle of doom She fought against all odds to educate her children and somehow she succeeded All her children made it above the community average and some made it to the top What some people take for granted to others it is a matter of life and death Follow the trials and tribulations of people to acquire basic education The story of Okonta chronicled the precarious village and secondary school life in those days in the Eastern Nigeria

THE CONSTITUTIONAL LANDSCAPE IN CONTEMPORARY CHINA Qianfan Zhang (张倩帆,2024-05-30 In the past two decades China has endured together with the rest of the world two pandemics originating in Guangdong and Wuhan While the severity and management of these pandemics varied they both stemmed from the same root cause the absence of constitutional enforcement and protection of fundamental rights such as freedom of speech and press In the global village today especially given China s size and impact the Chinese constitutional democracy is critical not only for China itself but also for the whole world Largely following China s current 1982 Constitution this book aims to produce a contemporary landscape of Chinese constitutional developments in essentially all major areas Despite the lack of constitutional enforcement and serious backlashes in recent years the author believes that the Constitution still matters as China has achieved significant de facto progress in human rights and the rule of law since its Reform and Opening in 1978 Particularly increasing number of citizens are becoming aware of their constitutional rights which they are eager to defend in their interest Ultimately the future of China and the world depends on the efforts of the people themselves to promote its constitutional reforms and enforcement

Participation and Empowerment at the Grassroots Gunter Schubert,Anna L. Ahlers,2012-05-16 This monograph ties in the scholarly debate on Chinese village elections and their consequences for China s political system It draws on comparative fieldwork conducted in six villages in two counties in Jiangxi and Jilin Provinces and one district in Shenzhen between 2002 and 2005 producing data from some 140 in depth interviews of villagers and local officials up to the prefectural level The major objective of this book is as much a critical assessment of the research literature of Chinese village

elections published over the last fifteen years as to sharpen the reader's sight for the scope and limits of this important reform to generate regime legitimacy in the local state an issue which has so far been neglected in the study of Chinese village elections It hence contributes to our understanding of the nexus between political participation and cadre accountability at the grassroots and highlights a number of factors ensuring the persistence of one party rule in contemporary China
