## **True Obsession:**

Irresistible Obsession Deepak Gupta, 2024-03-23 Master Discipline Effortlessly Unconsciously Spontaneously and with Zero Resistance Obsession pulls us towards our loving work Discipline pushes us to do anything Discipline is overrated It feels tough powered do the hard work We all feel work is a burden and we have to do it even when we don't like it What's the real secret of being energetic Of course energy can be faked Truly energy can be faked for so long until your mind bursts out and you feel extremely dissatisfied within your soul Now how to win the hearts of the audience How to create the masterpiece that makes you eternal for life Can you really make your life exciting by yourself History is often remembered by artists and it's a great myth that we aren't artists Everyone is an artist It's not only the painters writers directors or musicians who are artists but everyone If you aren't using your artistic capabilities in your work you are pushing yourself slowly to get consumed Irresistible Obsession the book has carefully crafted thirty well researched practical ancient techniques for automatic discipline without knowing time Multitasking is overrated Motivation is void and irregular Genius is overrated Interest and curiosity are underrated A genius can also fail if he doesn't work honest enough Affirmative time is an illusion Almost all people have enough time to shake the world In this book we are focusing on being irresistibly obsessed with our passion so we can become your best not someone else's best Steal These 30 Ancient Secrets and Watch the Universe Conspire to Make You Unstoppable Choose a job you love and you will never have to work a day in your life Confucius *Spirit Obsession* Eli Wilmot Sprague, 1915 **Warped Space** Anthony Vidler, 2002-02-22 How psychological ideas of space have profoundly affected architectural and artistic expression in the twentieth century Beginning with agoraphobia and claustrophobia in the late nineteenth century followed by shell shock and panic fear after World War I phobias and anxiety came to be seen as the mental condition of modern life They became incorporated into the media and arts in particular the spatial arts of architecture urbanism and film This spatial warping is now being reshaped by digitalization and virtual reality Anthony Vidler is concerned with two forms of warped space The first a psychological space is the repository of neuroses and phobias This space is not empty but full of disturbing forms including those of architecture and the city The second kind of warping is produced when artists break the boundaries of genre to depict space in new ways Vidler traces the emergence of a psychological idea of space from Pascal and Freud to the identification of agoraphobia and claustrophobia in the nineteenth century to twentieth century theories of spatial alienation and estrangement in the writings of Georg Simmel Siegfried Kracauer and Walter Benjamin Focusing on current conditions of displacement and placelessness he examines ways in which contemporary artists and architects have produced new forms of spatial warping The discussion ranges from theorists such as Jacques Lacan and Gilles Deleuze to artists such as Vito Acconci Mike Kelley Martha Rosler and Rachel Whiteread Finally Vidler looks at the architectural experiments of Frank Gehry Coop Himmelblau Daniel Libeskind Greg Lynn Morphosis and Eric Owen Moss in the light of new digital techniques that while relying on traditional

perspective have radically transformed the composition production and experience perhaps even the subject itself of architecture

Be Obsessed or Be Average Grant Cardone,2016-10-11 From the millionaire entrepreneur and New York Times bestselling author of *The 10X Rule* comes a bold and contrarian wake up call for anyone truly ready for success One of the 7 best motivational books of 2016 according to Inc Magazine Before Grant Cardone built five successful companies and counting became a multimillionaire and wrote bestselling books he was broke jobless and drug addicted Grant had grown up with big dreams but friends and family told him to be more reasonable and less demanding If he played by the rules they said he could enjoy everyone else s version of middle class success But when he tried it their way he hit rock bottom Then he tried the opposite approach He said NO to the haters and naysayers and said YES to his burning outrageous animal obsession He reclaimed his obsession with wanting to be a business rock star a super salesman a huge philanthropist He wanted to live in a mansion and even own an airplane Obsession made all of his wildest dreams come true And it can help you achieve massive success too As Grant says we re in the middle of an epidemic of average The conventional wisdom is to seek balance and take it easy But that has really just given us an excuse to be unexceptional If you want real success you have to know how to harness your obsession to rocket to the top This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams Grant will teach you how to Set crazy goals and reach them every single day Feed the beast when you value money and spend it on the right things you get more of it Shut down the doubters and use your haters as fuel Whether you re a sales person small business owner or 9 to 5 working stiff your path to happiness runs through your obsessions It s a simple choice be obsessed or be average

The True Believers Louis Martin,2017-12-08 The critically acclaimed true story about the human cost of hero worship in martial arts Featured on numerous shows and podcasts *The True Believers* struck a chord with both traditional and modern martial artists across the world when it was first published in 2017 Now in this special second edition readers can go further down the rabbit hole in this true story about rampant fanaticism taking over a worldwide martial arts organization and the chaos that it sowed in the lives of its True Believers *The True Believers* is the story of how a small California martial arts school grew into a new age religion Promoting black belts in mere months to maintain an army of fanatical young converts while creating a business of endless monetization trapping the most dedicated students in a spiral of financial ruin Follow the rise and fall through the eyes of a young student on a seven year journey attaining one of the highest ranks in the system while secretly doubting his own abilities and fearing that his dojo has become a cult Along the way he discovers the truth about the business of selling fantasy and creating a codependent community that is fearful of the outside world and increasingly reliant on their master for direction *The True Believers* is about the darker side of martial arts that robs real people of years of training and tens of thousands of dollars But it s ultimately a story of triumph as a group of senior students take a stand against wrongdoing and cripple an organization their senior students resigning in protest
