## Truth About Cats Mini:

*Big Cats, Small Cats* Calvin Smith,2004-12 This work has three major sub goals first to give a history of cats in general from earliest recorded times to the present Second to cover 26 different cats or cat species in alphabetical order so the reader has a representative feline for each of the alphabet s 26 letters Third to accomplish these ends through poetry The poetic mode was chosen to give reader a little different slant on each covered cat s special qualities and temperament An additional prose portion gives the reader a straightforward description of each cat s natural territory and a brief coverage of its special talents and challenges The overall goal was to make learning about cats both fun and educational and make us more fully appreciate our feline friends **Drum** ,2000 **The Cat Behavior Answer Book** Arden Moore,2007-01-01 Covering everything from feeding time to destructive clawing and bad litter box habits a comprehensive guide to feline behavior utilizes an inviting question and answer format to illustrate common and uncommon situations explaining why cats do what they do and offering helpful suggestions on how to prevent and alleviate potential problems Essentials of Small Animal Internal Medicine C.
