Hollywood's Vision of Team Sports Deborah V. Tudor, 2018-10-24 This book analyzes the ways in which sport reflects imitates and questions cultural values It examines the representation of team sports heroes race families and gender in films and other media Analysis of the ways in which broadcast media and films create such images allows us to map the ways in which traditional cultural beliefs and practices resist and accommodate changes Films about sport do not reproduce a simple unified set of values rather they exhibit the complications of attempting to negotiate ideological contradictions During the last 50 years sports films have shifted from the heroic idealization of *The Babe Ruth Story* 1948 to films revealing complexities controversies and uncertainties within the sports world like *Everybody s All American* 1988 These contradictions are especially strong in the areas of race and gender which are related major changes in the traditional notion of the hero The book traces the transformation of the image of the hero in sports films within the context of the development of the sports celebrity epitomized by Michael Jordan

Language Topics Ross Steele, Terry Threadgold, 1987-01-01 This second volume in honour of Michael Halliday contains three sections *The Design of Language Text and Discourse* and *Exploring Language as Social Semiotic* and concludes with a recent interview conducted by Paul Thibault in which Halliday provides further insights in his theory of language The essential design features of language are semantic lexico grammatical and phonological Text for Halliday is a semantic unit expressed by the lexico grammatical and phonological patterns in language The papers in the first section study aspects of these three strata of language and the relation between them The second section deals with units higher than the clause complex and the papers there attempt to integrate the analysis of the lexico grammatical and phonological systems into higher level discourse units The papers in the third section develop the notion of language as social semiotic which is central to Halliday s model of language

Determinants of Achievement in Top Sport Matej Maksimiljan Tusak, Tiziano A. Agostini, Donatella Di

Corrado,2026-03-05 Success in competitive sports depends primarily on athletes skills personality and motivation Many studies have investigated the determinants of success The presence of the zeitgeist social cognitive perspective in psychology has shifted the focus to motivation in top sports Social cognitive approaches have become the primary framework for researching almost everything in psychology Despite extensive discussion and research on the relationship between motivation and personality characteristics there is still a lack of evidence connecting psychological preparation pre competitive states and psychological techniques to sports success and efficiency There is still a gap in determining which psychological approaches and mental techniques contribute to success in top sports Different regression models are expected to explore the determinants of success by comparing males and females as well as young athletes versus top athletes The final formula for success is still undefined regarding the importance of pre competitive states psychological preparation technical skills and knowledge Techniques of psychological preparation such as hypnosis visualization or cognitive stress coping techniques are not clearly defined and discussed Therefore addressing this gap is crucial The following goals should be discussed Psychological factors contributing to success in top sports motivational variables contributing to success in top sports personality structures contributing to top achievements stress and coping strategies in top sports the use of psychological preparation and its relation to top achievement in sports evidence based research on specific psychological preparation techniques and their effectiveness in helping athletes achieve top performances pre competition states and their relation to success in top sports differences in psychological characteristics contributing to top achievements between males and females and between youth athletes and top athletes important factors in the development of motivation for success in athletes ethics and strategies to emphasize fair play in top sports the era of COVID 19 and its relationship to success in top sports including correlation with specific psychological factors Researchers are invited to submit original research to contribute to this topic We also welcome brief research reports systematic reviews and meta analyses reviews and theoretical articles By understanding the factors contributing to success in top athletes we can develop strategies to improve their results and effectiveness Bulletin ,1936 **Theatre and Sport** Thomas Leabhart,1996

Digital Roots Gabriele Balbi,Nelson Ribeiro,Valérie Schafer,Christian Schwarzenegger,2021-09-07 As media environments and communication practices evolve over time so do theoretical concepts This book analyzes some of the most well known and fiercely discussed concepts of the digital age from a historical perspective showing how many of them have pre digital roots and how they have changed and still are constantly changing in the digital era Written by leading authors in media and communication studies the chapters historicize 16 concepts that have become central in the digital media literature focusing on three main areas The first part Technologies and Connections historicises concepts like network media convergence multimedia interactivity and artificial intelligence The second one is related to Agency and Politics and explores global governance datafication fake news echo chambers digital media activism The last one Users and Practices is finally

devoted to telepresence digital loneliness amateurism user generated content fandom and authenticity The book aims to shed light on how concepts emerge and are co shaped circulated used and reappropriated in different contexts It argues for the need for a conceptual media and communication history that will reveal new developments without concealing continuities and it demonstrates how the analogue digital dichotomy is often a misleading one *Century 21 Keyboarding & Information Processing*, 2000 In today s world of people doing business anytime anywhere from PC s and laptops proper keyboarding skills are essential While solid keyboarding skills never change the applications and software do That s why Century 21 Keyboarding not only teaches users the fundamentals it also keeps them current with new technology a reputation it s held for more than 75 years Amazon com viewed August 17 2020 *Changing Texts, Teachers, and Teaching* Janine T.
