

Working-Class Formation

Nineteenth-Century Patterns in Western Europe and the
United States *Edited by Ira Katznelson and Aristide R. Zolberg*

Working Class Formation

Trevor Griffiths

Working Class Formation:

Working-class Formation Ira Katznelson, Aristide R. Zolberg, 1986-12-21 Applying an original theoretical framework an international group of historians and social scientists here explores how class rather than other social bonds became central to the ideologies dispositions and actions of working people and how this process was translated into diverse institutional legacies and political outcomes Focusing principally on France Germany and the United States the contributors examine the historically contingent connections between class as objectively structured and experienced and collective perceptions and responses as they develop in work community and politics Following Ira Katznelson s introduction of the analytical concepts William H Sewell Jr Michelle Perrot and Alain Cottureau discuss France Amy Bridges and Martin Shefter the United States and Jargen Kocka and Mary Nolan Germany The conclusion by Aristide R Zolberg comments on working class formation up to World War I including developments in Great Britain and challenges conventional wisdom about class and politics in the industrializing West

Working-Class Formation Ira Katznelson, Aristide R. Zolberg, 2021-04-13 Applying an original theoretical framework an international group of historians and social scientists here explores how class rather than other social bonds became central to the ideologies dispositions and actions of working people and how this process was translated into diverse institutional legacies and political outcomes Focusing principally on France Germany and the United States the contributors examine the historically contingent connections between class as objectively structured and experienced and collective perceptions and responses as they develop in work community and politics Following Ira Katznelson s introduction of the analytical concepts William H Sewell Jr Michelle Perrot and Alain Cottureau discuss France Amy Bridges and Martin Shefter the United States and Jargen Kocka and Mary Nolan Germany The conclusion by Aristide R Zolberg comments on working class formation up to World War I including developments in Great Britain and challenges conventional wisdom about class and politics in the industrializing West

The Development of an African Working Class Richard Sandbrook, Robin Cohen, 2023-08-18 Originally published in 1975 this volume reassesses the historical political and social role of African workers and examines the extent to which a working class has formed and undertaken collective action in various parts of Africa The book is based on primary historical sources or first hand experiences The contributors are linked by their belief in the legitimacy of action by organised workers to create a more just society

The Making of American Exceptionalism Kim Voss, 1993 Why has the labor movement in the United States been so weak and politically conservative in comparison to movements in Western Europe Kim Voss rejects traditional interpretations theories of American exceptionalism which attribute this distinctiveness to inherent characteristics of American society On the contrary she demonstrates the American labor movement had much in common with its English and French counterparts for most of the nineteenth century Only with the collapse of the Knights of Labor the largest American labor organization of the century did the U S movement take a different path

Working Class Formation and the Knights of Labor, 1875-1895 Charmaine Kim

Voss,1986 **Developments in Electoral Geography** Ron Johnston,Fred M. Shelley,Peter J. Taylor,2014-10-03 The essays in this collection show how electoral geography has shifted from empiricist activity towards a closer involvement with the wider issues addressed by social scientists They illustrate the potential contributions that electoral geographers can make towards the understanding of global national and local societies Critical Sociology Steven M. Buechler,2015-11-17 Critical Sociology is a thoroughly revised updated and sophisticated introduction to the sociological perspective as a critical lens on society Much has happened since the first edition the Great Recession the Obama presidency the burgeoning role of social media and recent global social movements such the Tea Party Occupy Wall Street and the Arab Spring In this second edition Buechler discusses the changing relationship between social movements and democracy The book contains chapters on how to think sociologically an overview of scientific humanistic and critical schools of sociology and a detailed exposition of the critical tradition Society, Culture, and the State in Germany, 1870-1930 Geoff Eley,2025-12-10 Society Culture and the State in Germany 1870 1930 draws together important new work on the Kaiserreich the period between Bismarck s unification of Germany and the First World War Work on the Kaiserreich built up impressive momentum during the 1970s and 1980s when a series of inspiring but divisive controversies called into question the ways in which German historical development in the nineteenth and twentieth centuries was mainly understood These discussions focused on issues of continuity between Bismarck and Hitler and the peculiar strength of authoritarianism in German political culture raising important questions about the deep origins of Nazism and about Germany s alleged differences from the West The collection purposefully brings certain issues and approaches into the foreground These include the value of taking gender seriously as a priority of historical work the emergence of social policy and welfare during the early twentieth century religious belief and affiliation as a neglected dimension in modern German history the tremendous importance of the First World War as a climacteric and the exciting potentials of cultural studies and the new cultural history A varied group the contributors embrace different kinds of history and certainly do not subscribe to a common line Some essays suggest alternative periodizations and focus on the early twentieth century decades rather than the integral unity of the Kaiserreich as such Together they take stock of the field critically synthesizing existing knowledge and laying down agendas for the future

The Remaking of the British Working Class, 1840-1940 Andrew Miles, Mike Savage,2013-02-01 Mike Savage and Andrew Miles provide a comprehensive introduction to the working class in Britain in the years after 1840 This textbook Includes a provocative timely and clear defence of class analysis Breaks new ground in showing how social mobility and urban change affected working class formation Demonstrates how the history of the working class is politically reconstructed Shows how class and gender interact in mediating social and political change **How Classes are Made** William H. Sewell (Jr.),1986

Sociological Abstracts Leo P. Chall,2002 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and

citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

American Exceptionalism? Rick Halpern,Jonathan Morris,1997-08-12 The idea that American historical development is different from that of other nations is an old one yet it shows no sign of losing its emotive power Exceptionalism continues to excite beguile and frustrate students of the American past The essays in this volume explore the ways in which the process of class formation in the United States can be said to be distinctive Focusing upon the impact of liberal political thought race and immigration and the role of the war time state they challenge particularist and nation centred modes of explanation Comparing American historical development with Italian South African and Australian examples the essays reinvigorate a tired debate
