Working Majority:

The United States and Canada Paul J. Quirk, 2019 The United States and Canada share the longest border in the world maintain one of the closest alliances and are notably similar in many ways Yet the two countries also have important differences including sharply contrasting political institutions In The United States and Canada Paul J Quirk has gathered a distinguished cast of contributors to present an integrated comparative examination of the political systems of the United States and Canada with special attention to the effects of political institutions and their interaction with political values geographic and demographic factors and other influences The volume explores the differences between the American presidential or separation of powers system and the Canadian parliamentary system focusing on electoral and party systems executive leadership and the legislative process bureaucratic influence and federalism It proceeds to examine patterns of governance in a wide range of issue areas economic policy climate change policy healthcare policy civil rights integration and immigration and abortion and gay rights A sweeping comparative account this volume serves as an authoritative guide for anyone interested in why the two countries differ and where they might be headed

Governing without a Majority David Butler, 1986-11-14

Organising the European Parliament Nikoleta Yordanova, 2024-10-31 The recent empowerment of the European Parliament makes this a timely study of the impact of its internal organisation on legislative politics interest representation and democracy within the Union Using data on all legislators and legislative proposals in the sixth parliamentary term the book confronts alternative theories of legislative organisation in rigorous statistical analyses supported by rich interview information The findings indicate that the internal setup and legislative output of the parliamentary committees serve the policy goals of parties in the European Parliament and in particular the working majority party rather than special interests or purely informational needs which the author explains with the formal and informal parliamentary rules As the committees advance party politics instead of particularistic policies she concludes that legislating within the committees is positive for democracy in the European Union and raises concerns about the loss in transparency legitimacy and accountability that the increasingly common fast track bicameral decision making outside the committees entails
