The Copper Scroll - 3Q15: A Reevaluation Judah K. Lefkovits, 2018-11-26 This volume deals with the Copper Scroll an almost two thousand year old cryptic proto Mishnaic Hebrew Dead Sea document It is the largest known ancient text to have ever been recorded on metal The Introduction covers the nature and site of the discovery opening of the two brittle oxidized copper rolls deciphering the text controversy about genuineness of the content etc The in depth study presents the primary major studies and offers a new reading translation and interpretation including alternatives as well as detailed studies of some unique aspects The analysis is based on Rabbinical Jewish sources originating largely in the same historical era This results into a more reliable interpretation of the Copper Scroll which probably originates from the Priestly leaders of Jerusalem and contains a list of the hidden treasures of the Second Temple before its destruction by the Romans

Robert Feather, 2003-06-23 Introduces a radical new perspective on the historical foundations of monotheism based on the enigma of the Copper Scroll of the Essenes Confirms the link between ancient Judaism and the pharaoh Akhenaten Decodes the system of measurements encrypted on the Copper Scroll that has confounded scholars for over 50 years leading to the identification of fabulous lost treasures Points to a radical new understanding of the origins of monotheism The famous Dead Sea Scrolls comprise the oldest collection of Biblical documents ever discovered Of the Dead Sea Scrolls none has baffled experts more than the 2 000 year old Copper Scroll discovered in 1952 by a team of Bedouin led by Henri de Contenson of the Ecole Biblique in East Jerusalem Appearing to be a list of buried treasure engraved on copper pieces the Copper Scroll is considered to be the work of a secretive Jewish sect of devout Essenes who lived by the Dead Sea around the time of Jesus No one has been able to explain its meaning or discover any of the 64 locations where the Biblical treasures it lists were buried Robert Feather combining his background as a metallurgist with his journalistic expertise has unraveled the enigma of the Copper Scroll in a fascinating study that takes the reader on a journey from ancient Mesopotamia through Canaan into Egypt and back to the shores of the Dead Sea His exploration links the scroll to the ancient Egyptian king Akhenaten confirming a long suspected influence of this pharaoh's religious beliefs on those of the Hebrews The author's findings not only reveal the locations of most of the treasures listed on the Copper Scroll but they also point to a radical new understanding of the origins of monotheism the basis of the three great religions of Judaism Islam and Christianity

objects are of legend or history certain ancient mysteries arrest the imaginations of every generation These antiquities refuse to be forgotten by the human spirit hidden sufficiently to evade discovery but historically prominent enough to leave a smattering of clues Many explorers have fallen prey to fortune's siren call spending their lifetimes searching for the artifacts that promise to alter human history The Copper Scroll Project is a relative newcomer to the modern treasure hunt Part of the Dead Sea Scrolls collection the Copper Scroll is unlike any of the leather and papyrus documents though not simply for its copper plates The relic reads like a coded map listing dozens of hiding spots where treasures and vessels thought to be secreted from the Jewish Temple were stored for safekeeping More than fifty years after archaeologists found this unique artifact in a cave near Qumran four adventurers have dared to chase after the scroll's priceless relics A unique introduction not only to a famous biblical mystery but to the world of American Christian interest in Israel which remains opaque or bewildering to many outsiders and is often caricatured Matti Friedman author of *The Aleppo Codex* Equal parts mystery treasure hunt and erudite elucidation of biblical history Chanan Tigay author of *The Last Moses* Neese's narrative pacing and story telling is masterful She gets the political and religious nuances of contemporary Israel Elliot Jager Jerusalem based author and former editorial page editor at *The Jerusalem Post*

reading of the Copper Scroll as a literary text For more than 60 years scholars have debated whether or not the treasures recorded here reflect historical realities This study argues that the dichotomy between facts and fiction is inadequate for a proper understanding of the Copper Scroll The document was designed to convey specific images to its readers thus staying true to the format of an instruction for retrieving hidden treasures Yet the evoked landscape is dense with symbolical associations and the journey through it reflects deliberate narrative patterns The scroll was written against the background of the social and political turmoil of Jewish Palestine in the 1st century CE and reflects contemporary concerns and interests

THE COPPER SCROLL JOEL C. ROSENBERG,2006 *The "Copper Scroll" Bible* Michael Hearn,2019-04-11 A copper scroll was unearthed in a cave at the Dead Sea in 1952 Astonishingly it described sixty four sites where enormous amounts of gold and silver treasures were supposed to be buried in biblical times The scroll also outlined the existence of a duplicate inventory which indicated the treasures item by item Many archaeological expeditions were organised to find the buried treasure and the duplicate inventory but they all ended in failure In a dramatic new development it has now been discovered that most of the sixty four sites were listed in the Bible This was an amazing breakthrough especially as all the biblical experts had failed to recognise that the Old Testament was the duplicate inventory There was a litany of numbers listed on the scroll and these mainly indicated the weights of each treasure For example 600 Talents or 20 520 Kilograms Those numbers have proven to be the real gems They readily formed into modular structures whose totals were the indices of a mystifying calendar system for projecting time onto eternity Sensationally the modules were laid out on the copper scroll in a structure that is the actual emblem of Christianity the sign of a cross What a discovery The facts and figures of these astonishing findings in *The Copper Scroll Bible* are here at your fingertips **The Copper Scroll** Joel C.
