DOCTRINE

In all ages, and in all lands, the belief has existed that a Divine degree of knowledge is possible to human beings under certain conditions; and, as a corollary to this, the conviction has dwelt in the hearts of the people that Living Men exist who possess this knowledge. In ancient times this knowledge was communicated in the "Mysteries," in modern times the existence of this knowledge has been divined by a few.

The author of this work devoted more than 40 years of her life to the study and acquisition of this knowledge; she gained admittance to some of the Secret Schools of this Wisdom, and learned to know and appreciate its extent and value. The purpose of this book is to lay before the thinking world so much of this "Hidden Wisdom" as it is thought expedient to make known to our civilization.

In her earlier work, "Isis Unveiled," the author dealt with Science and Theology from a critical standpoint. But little of the positive Esoteric Teaching of the Secret Wisdom was there brought forward, though many hints and suggestions were thrown out. These find a fuller explanation in the present volume, which is a photographic reproduction of the authentic Original Edition, as written and edited in 1888 by H. P. Blavatsky.
