The Uncomfortable Truth About Money Paul Podolsky, 2024-11-19. We are all stuck in a money cage. Money isn't the most important thing, but it is a thing, and you can't get away from it. Birth costs money, and death costs money. So even if you hate talking about money, you need to know the basics the same way you need to know how to cook yourself a simple meal. The problem with most money books is that they are not written by practitioners and avoid hard truths. What a weathered

investor knows is that stocks are not always good for the long run They know that being stingy helps accrue wealth They know the big thing when you buy property has nothing to do with the property They know the big thing is less what happens to the markets in a day than if the entire system holds together And they know what to look for if it s time to pull out That s what this book will teach you a lifetime of money learnings distilled to a thin volume like a basic cooking recipe you can follow
