York Times bestseller A Wall Street Journal Best Science Book of the Year A Popular Science Best Science Book of the Year  
From a top scientist and the creator of the hugely popular web comic Saturday Morning Breakfast Cereal a hilariously  
illustrated investigation into future technologies from how to fling a ship into deep space on the cheap to 3D organ printing  
What will the world of tomorrow be like How does progress happen And why do we not have a lunar colony already What is  
the hold up In this smart and funny book celebrated cartoonist Zach Weinersmith and noted researcher Dr Kelly Weinersmith  
give us a snapshot of what s coming next from robot swarms to nuclear fusion powered toasters By weaving their own  
research interviews with the scientists who are making these advances happen and Zach s trademark comics the  
Weinersmiths investigate why these technologies are needed how they would work and what is standing in their way New  
technologies are almost never the work of isolated geniuses with a neat idea A given future technology may need any number  
of intermediate technologies to develop first and many of these critical advances may appear to be irrelevant when they are  
first discovered The journey to progress is full of strange detours and blind alleys that tell us so much about the human mind  
and the march of civilization To this end Soonish investigates ten different emerging fields from programmable matter to  
augmented reality from space elevators to robotic construction to show us the amazing world we will have you know soonish
