HAMMOND, 394 MICH 627 (1975)**, 1975 55726 *Anxiety and Phobia Workbook* Edmund J. Bourne, 2009-08-12

Research conducted by the National Institute of Mental Health has shown that anxiety disorders are the number one mental health problem among American women and are second only to alcohol and drug abuse among men Approximately 15 percent of the population of the United States or nearly 40 million people have suffered from panic attacks phobias or other anxiety disorders in the past year Nearly a quarter of the adult population will suffer from an anxiety disorder at some time during their life Yet only a small proportion of these people receive treatment It is quite possible to overcome your problem with panic phobias or anxiety on your own through the use of the strategies and exercises presented in this workbook Yet it is equally valuable and appropriate if you feel so inclined to use this book as an adjunct to working with a therapist or group treatment program
