development activity in the early 1980s. Since then several international workshops and conferences have contributed to the creation of an international community with a common understanding of the concepts involved. Numerous prototypes and tools are now appearing to support the software process life cycle. The first European Workshop on Software Process Technology was held in 1991 which led among other things to the creation of an ESPRIT working group. EWSPT 92 is the first event of this working group. This volume presents the proceedings of EWSPT 92. The papers are organized into sections on Concepts and reference frameworks, Human and social aspects in process modelling, Process engines and enactment mechanisms, Models, Process lifecycle.
