English Bilingual Project Mathew Varghese,2022-10-31 Today English is the global lingua franca and competent English communication skills should be one of the rights of all educated individuals irrespective of any socio cultural limits By introducing a new method this book focuses on helping any learner to get sufficient communication skills in English as much as in the native language This method helps one to avoid translating from mother tongue to English And by using the method of thinking in English one could acquire the required English bilingual skills naturally The method is founded on the philosophical idea of mentalese mind language as the base language of thinking available for humans for constructing thoughts The proposed English Bilingual Project EBP helps one to transfer thoughts from a structureless mentalese to the grammatical structure of any language English Japanese Chinese The method described in this book works in two ways one it helps one to intuitively understand the working of mentalese the other is by practicing think in English with the mentalese one could generate the bilingual brain The main procedure for transferring thoughts from the mentalese to English is through writing one s thoughts This helps one to think effectively in English like one s own mother tongue This method works as a prime requirement model for one to generate multilingual skills The book resourced the idea of mentalese from the classical philosophy reflects it with the modern generative theories links it with the studies in neuro linguistic studies on bilingualism and the bilingual brain Spoken English , *English as a Language of Teaching and Learning for Community Secondary Schools in Tanzania* Elia Shabani Mligo,Mikael Mwashilindi,2017-08-07 This book examines the challenges posed by English a foreign language as a language of teaching and learning for community secondary schools in Tanzania in terms of academic performance The book probes the necessity for having two languages of instruction in the Tanzanian educational system While Kiswahili the native language is predominantly understood by the majority of people the discussion in this book indicates that most students in community secondary schools in Tanzania are incompetent in understanding writing listening reading and speaking English a language they use in learning and doing their examinations especially in the early stages of their secondary studies The incompetence in the above mentioned skills is mostly caused by their inability to cope with the abrupt transition in the languages of instruction from their pre primary and primary school study Kiswahili to secondary school study English Moreover most teachers are unable to use the English language as a means to impart knowledge or facilitate learning to their students leading them to code switching and code mixing This book poses a challenge to countries whose students pass through a transition from one language of instruction to another in their educational systems helping them to make appropriate decisions in regard to the appropriate language of teaching and learning **Iron Trade Review** ,1902 The English Rogue: Described in the Life Of Meriton Latroon, A Witty Extravagant Richard Head,1680 **What is the English Use?** Colin Dunlop,1923 **A Working Grammar of the English Language** James Champlin Fernald,1910 The Chautauquan ,1893 **The English We Use** ,1965 The English Grammar of William Cobbett William
