The Exploding City:

The Exploding City W. D. C. Wright, D. H. Stewart, 1952

Gospel for the Cities Benjamin Tonna, 2004-10-28

Traditionally the city has been the locus for the development of civilization. The scholars, the poets, the persons of commerce and politics came to the city for inspiration and acceptance. The city has been both an intriguing place and a place of intrigue. For weal or woe, the city fashions our culture while altering cultures. The person who wishes to analyze with competence the sociological and theological dimensions of the city would do well to study thoroughly *Gospel for the Cities*. It is a study for us who live and work in the urban centers of North America as well as for the missionary today who must bring deep insight, biblical, historical, and sociological to the awesome task of working in the cities of the twenty-first century across the world. We have waited long for this book. Msgr. John J. Egan, University of Notre Dame. Many books have been written about cities and urbanization. But in an era of severe compartmentalization in knowledge, they have come from specialists in one discipline. Thus we have the sociology of the city, the city in history, or the challenge of the city to the church. Now this unique volume provides a genuine and compelling interface between competent social analysis and historical description with first-rate mission theology and a solid biblical perspective. This difficult task has been accomplished with depth and comprehensiveness by Benjamin Tonna in a book of particular relevance to the Third World but useful to all of us committed to concern for the cities in God's world. George W. Webber, President, New York Theological Seminary.

The Exploding Cities Peter Wilsher, Rosemary Righter, 1975

The Exploding City Robert L. Schiffer, 1989-01-01. Offers profiles of nine major cities around the world and looks at the problems they will face in the future.

City on Fire Bill Minutaglio, 2014-02-15. A history of the 1947 disaster that rocked a segregated Texas boomtown and revealed disturbing negligence by the private sector and the US government. First published in 2003, *City on Fire* is a gripping, intimate account of the explosions of two ships loaded with ammonium nitrate fertilizer that demolished Texas City, Texas, in April 1947 in one of the most catastrophic disasters in American history. Remarkable. A terrific nonfiction work that has the narrative force of an adventure novel. *Washington Post*: Among the greatest life-or-death tales ever told. *Esquire*: *City on Fire* will stand on its own as one of the finest books ever written about Texas. *Texas Observer*: Incendiary reading. A harrowing mosaic about a blaze during a time of racial divisions and environmental plundering, evocatively told. The book vividly details the carnage as well as some acts of heroism and selflessness. *Publishers Weekly*: Riveting. Reminiscent of New York City's rise from the ashes after September 11, the chronicle of Texas City's devastation and resurrection will strike a chord with contemporary readers. *Booklist*: History at its best, at once thrilling and illuminating. The story of ambition, hubris, tragedy, and bravery is as timeless today in all of America as it was back in Texas more than half a century ago. David Maraniss, author of *Barack Obama: The Story*.

The Explosion Chronicles Yan Lianke, 2016-10-04. A rip-roaring Swiftian satire from a contemporary Chinese master follows a rural community's transformation from small village to megalopolis. *The Economist*: With the Yi River on one

side and the Balou Mountains on the other the village of Explosion was founded more than a millennium ago by refugees fleeing a seismic volcanic eruption But in the post Mao era the name takes on a new significance as the community grows explosively from a small village to a vast metropolis Behind this rapid expansion are members of the community s three major families including the four Kong brothers Zhu Ying the daughter of the former village chief and Cheng Qing who starts out as a secretary and goes on to become a powerful political and business figure Linked together by a complex web of loyalty betrayal desire and ambition these figures are the driving force behind their hometown s transformation into an urban superpower Brimming with absurdity intelligence and wit The Explosion Chronicles considers the high stakes of passion and power the consequences of corruption and greed the polarizing dynamics of love and hate between families as well as humankind s resourcefulness through the vicissitudes of life Yan s burlesque of a nation driven insane by money is equally a satire of some of the excesses of the Chinese Revolution The Wall Street Journal *The Exploding Cities* Peter Wilsher,Rosemary Righter,1975 Monograph on current urbanization trends and future prospects presents an overview of urban planning problems social problems and urban area poverty problems faced by large cities in developed countries and in developing countries and considers such measures as self help restriction of urban population increase etc Annotated bibliography pp 225 to 230 illustrations and statistical tables *The Exploding Cities* Peter Wilsher,Rosemary Righter,1977
