Structuralism in Myth Robert Alan Segal, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company *Structuralism in Myth* Robert Alan Segal, 2023 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company The Structuralists on Myth Roland A. Champagne, 1992 **The Methods of the Gernet Classicists (RLE Myth)** Roland Champagne, 2015-03-05 The Gernet Centre was founded as a place where the structural method could be applied to the classics Structuralists attribute the survival origin and function of myths to common crosscultural factors they identify as structures As this book first published as *The Structuralists on Myth* in 1992 explains these structures are bundles of information not obvious either to the narrator or to the listener The bundles are collected features that reveal either the reasons for the survival of myths or their origins or their functions within their contexts The structuralists consider themselves to have talents as the collectors from myths of these bundles of information **Edmund Leach** Stanley J. Tambiah, 2002-02-14 Intellectual biography of Edmund Leach a leading social anthropologist of his generation with illustrations **Routledge Library Editions: Myth** Various Authors, 2022-07-30 Routledge Library Editions Myth reissues four out of print classics that touch on various aspects of mythology One book looks at the work of Martin Buber on myth and another on the school of Gernet classicists Another book studies comparative mythology and the work of Joseph Campbell and the last book in the set looks at the role of the gods and their stories in Indo European mythology

Myth and Meaning Claude Lévi-Strauss, 1978-12-15 Ever since the rise of science and the scientific method in the seventeenth century we have rejected mythology as the product of superstitious and primitive minds Only now are we coming to a fuller appreciation of the nature and role of myth in human history In these five lectures originally prepared for the CBC Claude Lévi Strauss one of the world's greatest living thinkers offers the insights of a lifetime spent interpreting myths and trying to discover their significance for human understanding The lectures begin with a discussion of the historical split between mythology and science and the evidence that mythic levels of understanding are being reintegrated in our approach to knowledge In an extension of his theme Professor Lévi Strauss analyses what we have called primitive thinking and discusses some universal features of human mythology The final two lectures outline the functional relationship between mythology and history and the structural relationship between mythology and music Combining history anthropology and philosophy this book provides a broad and penetrating perspective on the contemporary western world **Structuralism in Myth** Robert Alan Segal, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

Myth and Music Eero Tarasti, 2012-01-02 No detailed description available for Myth and Music **Levi-Strauss (RLE Social Theory)** C.R. Badcock, 2014-08-13 What is the significance of Structuralism for social science How original is Lévi Strauss contribution to social theory Is he Marxist Though Structuralism and its leading representative Lévi Strauss are central to sociology anthropology and psychology the complexity of his work and the obscurity of his commentators have

often proved a barrier to understanding Now for the first time Dr Badcock provides a jargon free assessment of L vi Strauss place in the tradition of French sociological thought particularly to predecessors such as Comte Durkheim and Mauss discusses his relationship to Marx Sartre Freud and Talcott Parsons and provides a concise non technical account of his complex ideas on kinship totemism and myth *Cultural Episcopacy and Ecumenism* Revd Allen Brent,2016-05-18 Bishops are to be understood primarily as representatives of cultures regardless of where their people are territorially located The vindication of this thesis has implications also for ecumenical reconciliation between episcopal and non episcopal communions occupying the same geographical territory The author compares the approaches and insights of both Vatican II and Lambeth 89 on this issue and then proceeds to a historical and theological analysis of the development of the threefold Order in the early centuries which he illuminates with the aid of contemporary sociological and cultural theory in particular that of Durkheim Key themes in the development of Order are identified in the classical texts of Ignatius of Antioch Irenaeus Cyprian Tertullian and the Church Order literature The author s conclusion is that we need both to break the geographical and jurisdictional mould in which our understanding of church Order has become set *The Foundations of Structuralism* Simon Clarke,1981 **The Structural Study of Myth and Totemism** Edmund Leach,2013-04-15 Designed to provoke controversy the papers in this volume concentrate on two main themes the study of myth and totemism Starting with an English translation of La Geste d Asdiwal which is widely considered to be the most brilliant of all of L vi Strauss s shorter expositions of his technique of myth analysis the volume also contains criticism of this essay The second part of the volume discusses how far L vi Strauss s treatment of totemism as a system of category formation can be correlated with the facts that an ethnographer encounters in the field First published in 1967 **Phenomenology, Structuralism, Semiology** Patrick Brady,1976 This issue of the Bucknell Review studies the achievements of phenomenology and structuralism and their role in philosophy and in preparing for the emergence of semiotics The articles in this volume reflect the preoccupations of the past decade It is hoped that these essays will suggest some practical critical analysis on this subject **The Future of Structuralism** J. G. Oosten,1983 *Myth and Knowing: An Introduction to World Mythology* Scott A. Leonard,Michael McClure,2004 Myth and Knowing is by far the most comprehensive world mythology textbook The text reader format provides both jargon free discussions of current themes and thinkers in the ongoing scholarly conversation about myth and a broad selection of complete myths chosen for literary merit and the cultural sensitivity of their translations Rather than being genre driven the book emphasizes the psychological religious and cultural meanings of myth presenting these with the intent of fostering in students a love of literature **Classical Mythology** Stephen L. Harris,Gloria Platzner,1998 *Pynchon's Mythography* Kathryn Hume,1987 The exhausting plenitude of loosely connected detail in Gravity s Rainbow makes it a favorite of postmodern critics who claim it describes a modern random unknowable universe Hume expands the possibilities as she discloses a mythic structure that underlies Pynchon s work and provides easier access

to his world Myth turns chaos into cosmos Hume explains describing how the profuse detail of Pynchon s book allows for the creation of a world humankind shapes out of chaos by means of ritual and myth a set of interlocking stories that fit into a narrative sequence or mythology that conveys supports and challenges cultural values Pynchon s mythology is not rigidly consistent Hume notes but several strands of mythological action serve a stabilizing function in this chaotic book Pynchon creates his own unheroic hero to show the way for making sense of the fragmented experience of life in the postmodern world

Myth and the Limits of Reason Phillip Stambovsky,2004 This inquiry expands on ideas initially worked out in *The Depictive Image Metaphor and Literary Experience* University of Massachusetts Press November 1988 This study demonstrates how authors as diverse as Kierkegaard Unamuno Henry James and Margaret Atwood employ mythemic figurations in ways that disclose defining limits of discursive analytical reason in the domains respectively of religious national cultural psychosocial and psychobiological experience This revised edition features extensive substantive and stylistic improvements that render the exposition more fully developed and accurate and the prose more precise and readable
