Stalin On Lenin:

Stalin on Lenin Joseph Stalin, 1946 **Lenin's Fight Against Stalinism** Vladimir Il'ich Lenin, Leon Trotsky, 1975

From Lenin to Stalin Victor Serge, 1973 A vivid first hand account of the early years of the Soviet Union under Lenin's revolutionary leadership and of the political counterrevolution by a privileged social layer headed by Stalin. A participant in these historic events, Victor Serge recounts the initial efforts to build a world communist movement and organize Soviet workers to begin constructing the foundations for a socialist society. Serge provides convincing evidence that Stalinism far from being an outgrowth of the proletarian course charted by Lenin was its opposite. He details the determined resistance by thousands of communists to the reversal of the revolution's internationalist policies. He shows how the consolidation of the Stalin led counterrevolution necessitated the persecution and murder of thousands of workers and peasants as well as the exile, imprisonment, and assassination of the communist leadership of the October revolution.

Lenin and Stalin Andrey Yanuaryevich Vyshinsky, 1948 Vladimir Lenin, Joseph Stalin & Leon Trotsky Charles River Charles River Editors, 2017-11-10 Includes pictures of Lenin, Stalin, Trotsky, and important people, places, and events in their lives. Explains each man's role in the Revolution and its aftermath. Discusses the conspiracy theories surrounding Stalin's death and how Stalin came to power against Lenin's wishes. Includes a bibliography for further reading. Among the leaders of the 20th century, arguably none shaped the course of history as much as Vladimir Lenin (1870-1924), the Communist revolutionary and political theorist who led the Bolshevik Revolution that established the Soviet Union. In addition to shaping the Marxist-Leninist political thought that steered Soviet ideology, he was the first Soviet premier until his death and set the Soviet Union on its way to becoming one of the world's two superpowers for most of the century, in addition to being the West's Cold War adversary. As it turned out, the creation of the Soviet Union came near the end of Lenin's life, as he worked so hard that he had burned himself out by his 50s, dying in 1924 after a series of strokes had completely debilitated him. Near the end of his life, he expressly stated that the regime's power should not be put in the hands of the current General Secretary of the Communist Party, Joseph Stalin. Of course, Stalin managed to do just that, modernizing the Soviet Union at a breakneck pace on the backs of millions of poor laborers and prisoners. If Adolf Hitler had not inflicted the devastation of World War II upon Europe, it's quite likely that the West would consider Joseph Stalin (1878-1953) the 20th century's greatest tyrant. Before World War II, Stalin consolidated his position by frequently purging party leaders, most famously Leon Trotsky, and Red Army leaders, executing hundreds of thousands of people at the least. In one of history's greatest textbook examples of the idea that the enemy of my enemy is my friend, Stalin's Soviet Union allied with Britain and the United States to defeat Hitler in Europe, with the worst of the war's carnage coming on the eastern front during Germany's invasion of Russia. Nevertheless, the victory in World War II established the Soviet Union as one of the world's two superpowers for nearly 50 years, in addition to being the West's Cold War adversary. Along with Vladimir Lenin, Trotsky led the October Bolshevik Revolution of 1917 and

held crucial posts in the early Soviet governments but after Lenin's death Trotsky was exiled persecuted and finally murdered at the behest of his arch rival Joseph Stalin For the final decade of his life Trotsky was a man trapped in between two worlds A communist seeking refuge in the capitalist West Trotsky was deemed a secret agent of the capitalist powers by Stalin's propaganda but the Soviet Union's enemies also viewed him with suspicion In the initial aftermath of Lenin's death Trotsky had been his ally's heir apparent and for those inclined to believe the Soviet experiment had started promisingly but gone astray Trotsky became the embodiment of the betrayed promise of the early Bolshevik revolution There were certain ironies in this widespread sympathetic interpretation of Trotsky's legacy For the Marxists and Marxist sympathizers appalled by Stalin's paranoid police state Gulag concentration camps and strict suppression of dissent Trotsky was viewed as a humane and cosmopolitan opposite to Stalin But Trotsky himself had overseen and spearheaded campaigns of persecution against Russians suspected of counterrevolutionary leanings and he had written a long tract defending these terroristic measures as necessary safeguards of the revolution The Soviet Union's Big Three explores the lives and legacies of Lenin Trotsky and Stalin before the Bolshevik Revolution as well as the crucial roles they played in establishing the Soviet Union and turning it into a modern superpower Leninism Joseph Stalin,2017-04-21 Translated from the Russian in 1933 this and the first volume of the same title give an invaluable picture of what the Russian leader Joseph Stalin understood by Leninism Building on the pamphlet Foundations of Leninism which forms the first part of this book the work presents a unified and complete work on the problems of Leninism and socialist construction as they were manifested in the 1920s as well as discussion of the October Revolution and the relationship of the USSR and the West in the years following the First World War **Leninism** Joseph Stalin,2017-04-21 Translated from the Russian in 1928 this and the second volume of the same title give an invaluable picture of what the Russian leader Joseph Stalin understood by Leninism Building on the pamphlet Foundations of Leninism which forms the first part of this book the work presents a unified and complete work on the problems of Leninism and socialist construction as they were manifested in the 1920s as well as discussion of the October Revolution and the relationship of the USSR and the West in the years following the First World War Rule of Terror Hellmut Andics,1969 Why Lenin? Why Stalin? Why Gorbachev? Theodore Hermann Von Laue,1993 **Lenin and Stalin on Propaganda** ,1942 *Lenin, Stalin, 1917* Vladimir Il'ich Lenin,1938 *Lenin, Stalin and Communist Russia* Robert Johnson,2009 Why Lenin? Why Stalin? A Reappraisal of the Russian Revolution Theodore Hermann Von Laue,1971 **The Road to Peace** James P. Cannon,2011-10-01 Foundations of Leninism J. V. Stalin,2019-11-29 The foundations of Leninism is a big subject To exhaust it a whole volume would be required Indeed a whole number of volumes would be required Naturally therefore my lectures cannot be an exhaustive exposition of Leninism at best they can only offer a concise synopsis of the foundations of Leninism Nevertheless I consider it useful to give this synopsis in order to lay down some basic points of departure necessary for the successful study of Leninism Lenin was a Marxist and Marxism is of course the basis of

his world outlook But from this it does not at all follow that an exposition of Leninism ought to begin with an exposition of the foundations of Marxism To expound Leninism means to expound the distinctive and new in the works of Lenin that Lenin contributed to the general treasury of Marxism and that is naturally connected with his name Only in this sense will I speak in my lectures of the foundations of Leninism

Lenin. Stalin Vladimir Il'ich Lenin,1935 [The Teachings of Lenin and Stalin on Proletarian Revolution and the State](#) Andrey Yanuaryevich Vyshinsky,1948 **The Russian Revolution by V.I.
