**Bilingualism** Jean-Marc Dewaele,Alex Housen,Li Wei,2003-03-05 The publication of Hugo Baetens Beardsmore s book *Bilingualism Basic Principles* by Multilingual Matters in 1982 coincided with an unprecedented upsurge of interest in bilingualism A major reason for this was the acknowledgement that bilingualism is far more common than was previously thought and perhaps even the norm The number of bilinguals at the turn of the third millennium is probably greater than ever before and will continue to grow as a result of the combined forces of globalisation automatised mobility and migration and modernisation of foreign language teaching The contributions in this book prove that given the right conditions bilingualism can confer distinct benefits like intellectual psychological social cultural and economic improvement on the individual The papers in this volume have been written by leading scholars in the field of bilingualism and deal with individual bilingualism societal and educational phenomena addressing issues such as bilingual usage acquisition teaching and language planning and policy The volume s major asset lies in its diversity not only in depth of investigation and in topical variety but also in the range of languages and geographical regions covered Another important feature of the volume is its multidisciplinary perspective Among the contributors are linguists sociologists psychologists and sociolinguists

**Southeast Asian Personalities of Chinese Descent** Leo Suryadinata,2012 This is a bold project recording the lives of a particular group of Southeast Asians Most of the people whose biographies are included here have settled down in the ten countries that constitute the region Each of them has either self identified as Chinese or is comfortable to be known as someone of Chinese ancestry There are also those who were born in China or elsewhere who came here to work and do business including seeking help from others who have ethnic Chinese connections With the political and economic conditions of the region in a great state of flux for the past two centuries it is impossible to find consistency in the naming process Confucius had stressed that correct names make for the best relationships In this case Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right

name to give to the large numbers of people who have in one way or another made their homes in or made some difference to Southeast Asia I believe that when he and his colleagues selected the biographies to be included here they have taken a big step towards the rectification of identities for many leading personalities In so doing he has done us all a great service

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
