*The Constructive Revolutionary* W. Fred Graham,1971      **The Constructive Revolutionary & His Socio-economic Impact** W. F. Graham,1971      *The Constructive Revolution of Jesus* Samuel Dickey,1923      **Revolutionary Constitutionalism** Richard Albert,2020-04-02 This book the result of a major international conference held at Yale Law School contains contributions from leading scholars in public law who engage critically with Bruce Ackerman s path breaking book *Revolutionary Constitutions Charismatic Leadership and the Rule of Law* The book also features a rebuttal chapter by Ackerman in which he responds directly to the contributors essays Some advance Ackerman s theory others attack it and still others refine it but all agree that the ideas in his book reset the terms of debate on the most important subjects in constitutionalism today from the promise and perils of populism to the causes and consequences of democratic backsliding from the optimal models of constitutional design to the forms and limits of constitutional amendment and from the role of courts in politics to how we identify when the mythical people have spoken A must read for all interested in the current state of constitutionalism      [Revolution and the Christian Faith](#) Vernon C. Grounds,2007-05-01 In this stirring book Grounds has ably sketched the background against which the theology of revolution has emerged Grounds puts it this way I have sought to let the critics of the Establishment Christian and secular alike present in their own words the case for revolutionary change I have also sought to let the revolutionary theologians set forth their interpretation of Christianity in detail Quite literally I have allowed them to speak for themselves I have sought further to let Christian scholars who dissent from this new theology engage its proponents in debate Very heavily I have drawn upon the work of Jacques Ellul the towering French sociologist who is rapidly gaining in the United States the attention and respect which his rare fusion of professional distinction intellectual power and biblical commitment deserves I shall feel amply regarded if through these pages he wins a wider readership among American evangelicals An additional purpose has been to confront my own ecclesiastical tradition that of Protestant orthodoxy with the inexpressibly pressing need of permitting the anguish of our world to drive theological conservatism back to a New Testament discipleship which is nothing less than revolutionary      [The Mexican Revolution and the United States, 1910-1926](#) Charles Wilson Hackett,1926      **Burke's Reflections on the Revolution in France** Edmund Burke,1890      **Daughters of the American Revolution Magazine** ,1899      [The Russian Revolution and the Communist Party](#) Alexander Berkman,1922      *The Russian Revolution; The Jugo-Slav Movement* Alexander Petrunkevitch,Robert Joseph Kerner, Frank Alfred Golder, Samuel N.
