Stories with Intent Klyne R. Snodgrass, 2018-02-16 Winner of the 2009 Christianity Today Award for Biblical Studies Stories with Intent offers pastors and students a comprehensive and accessible guide to Jesus parables Klyne Snodgrass explores in vivid detail the historical context in which these stories were told the part they played in Jesus overall message and the ways in which they have been interpreted in the church and the academy Snodgrass begins by surveying the primary issues in parables interpretation and providing an overview of other parables often neglected in the discussion from the Old Testament Jewish writings and the Greco Roman world He then groups the more important parables of Jesus thematically and offers a comprehensive treatment of each exploring both background and significance for today This tenth anniversary edition includes a substantial new chapter that surveys developments in the interpretation of parables since the book s original 2008 publication

The Universe Within Us Jane E. Harper, 2009 A provocative look at the purpose of life through a mixture of religion science and personal experience

The Parables Brad H. Young, 2008-03-01 Fully one third of Jesus words in the Synoptic Gospels occur in parables It could be said that knowing the parables is essential for understanding the person of Christ In this work Brad Young displays his unique perspective as a scholar steeped in both Jewish and Christian studies While parables have timeless messages reinterpretations in new contexts throughout the centuries have distorted the original meanings and undermined the essence of what Jesus intended for his initial listeners Young examines the parables that best illustrate the parallels between the rabbinic and Gospel parables He challenges readers to remember that first century Judaism was not merely the backdrop for Jesus teachings but the very stage from which Jesus delivered the message of the kingdom Jesus ethics and theology can be properly understood only in the light of first century Jewish teachings Young focuses on the historical development and theological significance of parables in both traditions and examines five theological subjects that are dealt with in parables prayer grace reconciliation calling and sovereignty

The Power of Parables, 2023-11-07 The Power of Parables documents the surprising ways in which Jewish and Christian parables bridge religion with daily life This 2019 conference volume rediscovers the original power of parables to shock and affect their audience which has since been reduced by centuries of preaching and repetition Not only do parables enhance the perspective on Scripture or the kingdom of heaven they also change the sensory regime of the audience in perceiving the outer world The theological differences in their applications appear secondary in view of their powerful rhetoric and suggest a shared genre
