The Six Principles of Service Excellence Theo Gilbert-Jamison,2005-08 The book was written for four of my grandchildren Lauren Ryan Andrew and Rachel McCleary The first chapter was written on a whim to thank Lauren for inviting me to a chocolate party at her school She loved the story Her mother insisted that I write a short story for each child Considering the task and after much thought I decided to continue Lauren s story and include her siblings in the adventure With no intention of writing a long story I found as one chapter followed another it seemed to have a life of its own Chapters were given to the children as they were written Whenever I visited the McCleary children they would meet me at the door with Granddaddy do you have another chapter Family friends and other children read and loved the story and encouraged the author to publish it The author has written 2 sequels THE TROLLS FORTRESS and THE QUEST FOR THE MAGIC WAND The story is filled with high adventure involving the children with fairies elves giants trolls dwarfs seers wizards witches talking animals and magic charms The children are brave clever and resourceful Routinely the reader is left in suspense waiting to see how a difficult situation in one chapter is resolved in the next This book is suitable to read to young children ages six and older

The Six Principles of Service Excellence Theo Gilbert-Jamison,2005-08-09 In reading this book you will find that The Six Principles of Service Excellence IS A simple yet comprehensive step by step process that if followed implicitly will lead any organization small or large to achieving and sustaining a work environment that will foster superior employee performance and service excellence More than a theory or concept It is a process that is effectively used in many healthcare financial legal hospitality and food service organizations today by skilled and knowledgeable performance consultants and leaders You will further come to realize that The Six Principles of Service Excellence IS NOT A quick fix It is not about herding a group of employees through a 2 4 hour customer service workshop and calling it a day For everyone nor every organization Without 100% commitment and involvement from senior leadership it will not thrive A superficial Pep Rally It is about making sound decisions and implementing interventions that will create lasting results
