The Thermit Welding Process and Its A Text Book on Production Processes L. Fundamentals of Modern Manufacturing Mikell P. Groover, 2010-01-07 Engineers rely on Groover because of the book's quantitative and engineering oriented approach that provides more equations and numerical problem exercises The fourth edition introduces more modern topics including new materials processes and systems End of chapter problems are also thoroughly revised to make the material more relevant Several figures have been enhanced to significantly improve the quality of artwork All of these changes will help engineers better understand the topic and how to apply it in the field

A Textbook of Production Technology (Manufacturing Processes) P C Sharma, 2007 The printing of the seventh edition of the book has provided the author with an opportunity to completely go through the text Minor Additions and Improvements have been carried out wherever needed All the figure work has been redone on computer with the result that all the figures are clear and sharp The author is really thankful to M s S Chand Company Ltd for doing an excellent job in publishing the latest edition of the book
