The First Solo Flight Across the Atlantic Caitie McAnaney,2014-12-15 In 1927 Charles Lindbergh took a big risk flying from New York City to Paris nonstop He wanted to do it in a single engine plane alone something that had never been attempted before Through a detailed account of Lindbergh s remarkable flight readers are introduced to the history of aviation and the innovations that followed his feat Full color photographs allow readers to travel aboard the Spirit of St Louis with Lindbergh and further onto the first airlines World War II bombers and more Sidebars offer historical context to bring Lindbergh s flight into focus with other events of the 20th century
