Transcending Myself Dennis, 2005-04-01 The quest to achieve Immortality is a dream of most people It motivates many to have children write books compose music invent gadgets accumulate wealth or excel in a mirage of fields Immortality or simply to be remembered by future generations is not easy to achieve even in your family Few people have met or know anything about all four grandparents Fewer know much about their great grand grandparents or great great grandparents This is certain generations disappear in a blur of nothingness But by reading this book and acting aggressively to become immortal you can achieve it within your family your community and for a few worldwide It all depends on your desire By reading this short book and completing as many of the 100 Propositions I set forth you can achieve immortality And if you need help contact my company Immortal Solutions Enterprises See the Appendix on how to reach us So its clear the book does not advocate any way to some kind of physical immortality though preserving one s DNA is an option not immortality in a religious or philosophical sense but the real thing being remembered by countless generations You can become an immortal

**Creating Another Self** Samuel Maio, 1995 This book makes two significant literary assertions First that all first person voice poetry necessarily involves a masking of some kind and second that all personal poetry falls into one of three masking modes the confessional the persona and the self effacing Samuel Maio supports these claims with an in depth analysis of the work of representative poets three for each mode Robert Lowell James Wright and Anne Sexton confessional John Berryman Weldon Kees and Galway Kinnell persona and Mark Strand Charles Simic and David Ignatow self effacing Further the book draws on the work of several newer poets such as Garrett Hongo and Jim Barnes to suggest that personal poetry has had a far reaching influence on 20th

century poetry A work of theoretical criticism and not a survey of personal poets Creating Another Self suggests that contemporary personal poetry is a distinctive phase begun in the 1950s and coming to a close in the 1990s The book is an important work for scholars of American literature and for creative writers
