Miller,Janice Auyong,Nina P. Hadley,2002   **Climate Change and Tourism Policy in OECD Countries** ,2011 Undertaken jointly with United Nations Environment Programme the report analyses policies and issues related to climate change adaptation and mitigation in the tourism sector It provides policy recommendations with the objective to identify priority areas to be included in a framework for action in the area of climate change and tourism A review of the state of policy making on this important issue clearly indicates that greater efforts could be made by countries to understand the likely impacts of climate change on tourism there is a low awareness of the tourism sector s climate change mitigation and adaptation needs and that current policy with few exceptions is inadequate to the scale of the challenge both on mitigation and adaptation
