**Murder, Inc.** James H. Johnston, 2022-03 A chronological narrative of the CIA's assassination operations during the Kennedy administration Primary Importance Roger Pickenpaugh, 2024-03-06 Prior to 1960 presidential nominees were largely selected in the infamous smoke filled rooms of state party conventions In 1960 two serious contenders for the Democratic nomination Hubert Humphrey and John F Kennedy realized their weaknesses with party bosses would make this path nearly impossible For Kennedy his youth his Catholic faith and his aloofness toward party leaders would undermine his campaign For Humphrey his strong positions on civil rights would cost him support in the vital South This work focuses on the Wisconsin and West Virginia primaries the only two in which both candidates competed Original manuscript sources illuminate the differences between Kennedy's well financed well organized campaign and Humphrey's more amateurish effort These sources along with a wealth of newspaper sources also offer fascinating anecdotes of life on the campaign trail

**An Unfinished Life** Mark Spragg, 2004 In an extraordinary tale of love and forgiveness Mark Spragg brings us this novel of a complex prodigal homecoming After escaping the last of a long string of abusive boyfriends Jean Gilkyson and her ten year old daughter Griff have nowhere left to go Nowhere except Ishawooa Wyoming where Jean's estranged father in law Einar still blames her for the death of his son Though Einar isn't glad to see either of them Griff falls in love with his sprawling ranch and quiet way of life as she slowly gets to know his crippled old friend Mitch the cats that lurk in the barn at milking time and finally the grandfather she had lost for so many years An emotionally charged story of hard won friendship and reconciliation An Unfinished Life shows a novelist of extraordinary talents in the fullness of his powers *Planet Neptune and the Modern US Presidents: Franklin Roosevelt to Barack Obama* Suzanne Angioli, 2016-04-05 While studying the astrological birth charts of all the US presidents I discovered that those of the thirteen modern US presidents from Franklin Roosevelt to Barack Obama all had the natal Sun the planet most associated with one's basic identity making an aspect certain designated degrees between two planets to their natal Neptune This was surprising since I would have thought that politicians particularly those aspiring to the presidency would have an overwhelming emphasis on the Sun Mars aspect but not on the Sun Neptune aspect What I discovered in my research was that good politicians are not warriors Sun Mars per se who use the techniques of warfare to muscle their way through adversity Rather they are good actors Sun Neptune who are essentially chameleons Sun Neptune operating in the foggy Neptune realm of subtlety Neptune and seduction using their sensitivity Neptune and charm Neptune to serve their intuitive Neptune sides to try to achieve their goals It became apparent that a good politician is excellent at assuming different roles in order to fit a given political situation and move his agenda forward The Sun in aspect to Neptune is not unusual but there is no aggregate population that has 100 percent of its members with this aspect like the modern presidents I was intrigued with this occurrence and thus set out to research their individual biographies to see just how this aspect played out in their lives After all it seemed to be almost a prerequisite for
