Up To Now:

Speak up now! Wim Vermeulen,2022-10-19 To make the shift to a sustainable future major changes are needed from all of us More than 80% of consumers are looking to companies to take the lead in this transition At the same time less than 10% of the corporate messages about sustainability are credible to the public *Speak up now* shows how we can make the shift to a world where business success goes hand in hand with the well being of the planet *The Adventures of Alfred in Mom, I'm Growing up Now* Gail Wright,2012-10-24 Alfred has a birthday coming soon He thinks he is ready to take on some other responsibilities now that he is growing up He also hopes he can show his parents he can handle responsibilities He wants to make his own decisions about music video games and television shows He also wants to ask his parents about getting back on the football team He has had behavior problems at school in the past However his teachers agree that he has improved Now he wants a chance to prove it to his parents because they think the additional responsibility might be too much for Alfred They know that he can be forgetful when it comes to his homework and they have to state the rule of homework before play Alfred learns how to recognize good and bad choices and how to ask for help when he needs it as he discovers if he is really ready to grow up He will learn that responsibility and accountability come with growing up **Planet Earth Is Screaming Wake Up Now Or Never**
