Why Truth Matters:

True to Life Michael P. Lynch, 2005-08-05 Why truth is important in our everyday lives Why does truth matter when politicians so easily sidestep it and intellectuals scorn it as irrelevant Why be concerned over an abstract idea like truth when something that isn't true for example a report of Iraq's attempting to buy materials for nuclear weapons gets the desired result the invasion of Iraq In this engaging and spirited book Michael Lynch argues that truth does matter in both our personal and political lives Lynch explains that the growing cynicism over truth stems in large part from our confusion over what truth is We need to think our way past our confusion and shed our cynicism about the value of truth he writes Otherwise we will be unable to act with integrity to live authentically and to speak truth to power True to Life defends four simple claims that truth is objective that it is good to believe what is true that truth is a goal worthy of inquiry and that truth can be worth caring about for its own sake not just because it gets us other things we want In defense of these truisms about truth Lynch diagnoses the sources of our cynicism and argues that many contemporary theories of truth cannot adequately account for its value He explains why we should care about truth arguing that truth and its pursuit are part of living a happy life important in our personal relationships and for our political values

Why Truth Matters Jeremy Stangroom, Ophelia Benson, 2006-02-09 Truth has always been a central preoccupation of philosophy in all its forms and traditions Yet in the late twentieth century truth became suddenly rather unfashionable The precedence given to assorted political and ideological agendas along with the rise of relativism postmodernism and pseudoscience in academia led to a decline both of truth as a serious subject and an intellectual tradition that began with the Enlightenment *Why Truth Matters* is a timely incisive and entertaining look at how and why modern thought and culture lost sight of the importance of truth It is also an eloquent and inspiring argument for restoring truth to its rightful place Jeremy Stangroom and Ophelia Benson editors of the successful *butterfliesandwheels* website itself established to fight fashionable nonsense identify and debunk such senselessness and the spurious claims made for it in all its forms Their account ranges over religious fundamentalism Holocaust denial the challenges of postmodernism and deconstruction the wilful misinterpretation of evolutionary biology identity politics and wishful thinking *Why Truth Matters* is both a rallying cry for the enlightened vision and an essential read for anyone who's ever been bored frustrated bewildered or plain enraged by the worst excesses of the fashionable intelligentsia

[Why Truth Matters](#) Rose Publishing, 2014-07-29 What is truth and how can we know The Bible plainly reveals the errors and false teachings that Christians will be expected to identify and defend against Learn to recognize the counterfeits through the light of God's truth Christians often wonder why certain religious groups are called cults or are said to have cultic teachings The answer is fairly simple The Scripture mentions 10 key Christian beliefs that cult leaders or aberrant teachers ignore or twist You will learn each of these 10 beliefs and be able to give examples of truth vs counterfeit teachings The 10 Common Doctrinal Errors include False Gospels False Doctrine False Gods False Christs False Spirits False Prophets False Apostles

False Teachers False Visions and False Miracles **Shattering Silos** Lambert Zuidervaart,2022-08-15 Questions first raised by Hannah Arendt in the 1960s take on new urgency in the post truth era as political leaders blithely reject facts in the public domain Is truth politically impotent Are politics inherently false Is the search for truth still relevant **Shattering Silos** a companion volume to **Religion Truth and Social Transformation** and **Art Education and Cultural Renewal** provides a path breaking response As in his two previous books Lambert Zuidervaart challenges the boundaries philosophers set up between epistemology ethics and political philosophy Knowledge he argues takes different forms in various social domains and all are subject to political struggle A critique of contemporary society must draw on many social domains of knowledge including the arts and religion and should recast politics as a striving for truth in the broadest sense Proposing a new conception of truth one that emphasizes the unity of knowledge and truth as well as their diversity among different social domains Zuidervaart asks what such holism and pluralism suggest about how we understand politics and society This book proposes a new understanding of large scale social change challenging how most people think about knowledge and truth Interweaving epistemology social criticism and political thought **Shattering Silos** aims to help redirect an allegedly post truth society
