## **Yoga For Today:**

**Tantric Wisdom for Today's World** Peter Wilberg, 2007 The Tantric Tradition known as Kashmir Shaivism bore within it the understanding that God is not a being with awareness Instead God is awareness pure and unbounded This pure awareness is like a stainless mirror invisible in itself in which all experienced realities are not only reflected but actively and continuously manifested The New Yoga of Awareness is not merely a commentary on or an explanation of this tradition but the most comprehensive and original contribution to it since its synthesis by the great 10th century teacher and tantric adept Abhinavagupta It unites religion science philosophy and theology psychology and metaphysics in a way that truly makes it not just a new yoga but THE New Yoga an entirely new school of tantra evolved from and for today's world Tantra does not separate religion and science It is yogic religious science The aim of The New Yoga is to make this new and highly practical religious science known to the world in order that it can begin to work for it It does so by challenging the foundations of both Western science and the Abrahamic religions Judaism Christianity and Islam along with the monotheism of money Marx and the godless science that is its religion Peter Wilberg's wide ranging writings on tantra introduced in this book constitute a new and highly practical body of theosophical and religious scientific knowledge of the sort that alone can help bring an end to today's rising ocean of religious and scientific ignorance and to the ecological devastation economic inequalities and global mayhem that go with it Above all they offer a way of accomplishing this world transforming aim not through jihad violence or war but through learning to experience that pure and Divine Awareness Shiva which pervades all things and the Divine Power Shakti of Awareness that manifests them all
