Thompson, 1978-01-01 This classic collection of essays by E P Thompson one of England's most renowned socialist voices remains a staple text in the history of Marxist theory The bulk of the book is dedicated to Thompson's famous polemic against Louis Althusser and what he considers the reductionism and authoritarianism of Althusserian structuralism In lively and erudite prose Thompson argues for a self critical and unapologetically humanist Marxist tradition Also included are three essays of considerable importance to the development of the New Left
