Clinician's Handbook of Adult Behavioral Assessment Michel Hersen, 2011-04-28 Given the vast amount of research related to behavioral assessment it is difficult for clinicians to keep abreast of new developments In recent years there have been advances in assessment case conceptualization treatment planning treatment strategies for specific disorders and considerations of new ethical and legal issues Keeping track of advances requires monitoring diverse resources limited to specific disorders many of which are theoretical rather than practical or that offer clinical advice without providing the evidence base for treatment recommendations This handbook was created to fill this gap summarizing critical information for adult behavioral assessment The Clinician's Handbook of Adult Behavioral Assessment provides a single source for understanding new developments in this field cutting across strategies techniques and disorders Assessment strategies are presented in context with the research behind those strategies along with discussions of clinical utility and how assessment and conceptualization fit in with treatment planning The volume is organized in three sections beginning with general issues followed by evaluations of specific disorders and problems and closing with special issues To ensure cross chapter consistency in the coverage of disorders these chapters are formatted to contain an introduction assessment strategies research basis clinical utility conceptualization and treatment planning a case study and summary Special issue coverage includes computerized assessment evaluating older adults behavioral neuropsychology ethical legal issues work related issues and value change in adults with acquired disabilities Suitable for beginning and established clinicians in practice this handbook will provide a ready reference toward effective adult behavioral assessment

School and Behavioral Psychology H.A. Chris Ninness, Glen McCuller, Lisa Ozenne, 2012-12-06 With this important work written around current behavioral psychology research and practice as it applies to school age children the authors address both experimental and applied issues in the assessments and interventions used with this population Among the issues examined are the legal bureaucratic and psychological complications involving the newly mandated Functional Assessment law Included with this book is a software package designed specifically to provide tools to conduct and calculate outcomes for functional assessment procedures on notebook computers

Psychology William Buskist, David W. Gerbing, 1990

Psychology: an Introduction to a Behavioral Science Henry Clay Lindgren, Donn Erwin Byrne, 1971

Language Behavior: a Book of Readings in Communication Elwood Murray, 1970 The book is divided into four parts Each part is devoted to an important area of communication study and research that Elwood Murray helped integrate into speech and communication curricula Communication Methodology Group Communication Linguistics and Communication Disorders The introductions to each section provide the reader with an overview of the specialty and acquaint him with the material to follow They are written for the student who is just beginning his studies in speech and communication The readings in each of the four sections vary considerably in focus level and content Some are highly general and theoretical others are rather specific and more data oriented Some consist of a broad review of the literature while others deal with a very narrow aspect of some problem The topics are treated with enough rigor to satisfy the specialist and collectively they cover sufficient ground to meet the needs of the novice or generalist for a look at some of the major and minor interest areas in speech and communication
