Hynes, 2014-09-10 An unseen world of magic lies behind our thoughts and emotions The words inside this book explain how to look within your mind to find an unseen world that only you hold Do you dare to look into your thoughts Do you dare to find a world that brings you a voice Do you sit inside the corner of your mind Take a journey with this book and see what you will find There is a voice that speaks to you if you listen It will tell you who you are inside It will bring you happiness and ultimately love It will pull your world around and change you inside Look into the place that lies between your thoughts and emotions It will shine through your desperation You will be upon your knees when you find a world that touches your heart and bursts out for everyone to see The sun will shine just for you and the magic will appear in your day Do you dare to see how In the Mind of Something Greater can work for you

The Secret Psychology Of Kundalini Chakras Maharishi Shrenik, 2025-11-06 The human mind and life are governed by the power of the chakras When the Kundalini energy is awakened it gradually rises through the chakras unfolding a new layer of the mind at each level At some points one has to face lust and fear while at others one experiences love compassion and truth This book *Mystery of Kundalini Psychology* explains that each chakra is not only a center of energy but also a gateway to psychology The emotions impressions and obstacles that arise during spiritual practice are all connected with these chakras The purpose of this text is to help the seeker understand that the journey of Kundalini is in fact a journey of the mind As the seeker transcends the chakras the mind becomes purified impressions are broken and consciousness ascends to higher states This book is meant for every seeker and aspirant who wishes to uncover the hidden mysteries within and lead life towards awakening and peace

Seized Holly Eckert, 2024-01-30 About the Book Millions of Americans have epilepsy At age 34 Holly Eckert joined them From the day she discovered that through many years her life became a journey of personal growth and self discovery Why was this happening What should she do Who was she now that she seized These were only a few of the questions she asked herself in the face of her new reality Holly's walk with chronic illness became one of awakening and healing In it she learned many lessons in life while confronting the flaws failures ignorance and corruption permeating the American medical industry and sensing first hand the resiliency of the human mind and body Daily tending to the chores of chronic illness she scoffed at the paradox between the medical industry's responses and her own life's experiences Over time Holly realized that illness can play important positive roles in a human life Traveling her path where health and illness intertwine it became clear to her that illness can give as much as it takes away This convinced her that when allowed the time and space to be ill a person can find true health again a real life phenomenon rarely discussed by doctors and patients In *Seized Searching for Health* In the United States Holly tells the story of her journey with illness That well told personal tale provides a lens through which a reader can explore the common experience of searching for health in the United States Who would have imagined that it

would be a dance artist who does so well exploring the many dimensions of illness and the failures of the United States healthcare system but that's precisely what happens here in *Seized* About the Author Holly Eckert grew up in a small town in the mountains of Idaho where she learned to dance from a former ballerina with the New York Ballet who also lived there After high school she took her scholarships and went to The Evergreen State College There she combined dance and social sciences to create her own integrated studies program Her education prepared her to go to Seattle and pursue her artistic mission of exploring substantive topics inside the art of dance Winning awards and praise for her artwork Holly pursued her passion with passion and made choreography about things like the experience of fear and the injustices of the US prison system She was healthy and strong into her mid thirties when one day she suddenly began seizing uncontrollably Epilepsy quickly overwhelmed her life It sent Holly on a diverse personal journey On her travels she discovered many new things about herself and as she did she learned more and more about the potentials for healing that exist inside the human body She also learned a great deal about the tragic failures of the United States medical system that often inhibits these possibilities from being realized Knowing that she liked to write as well as dance Holly decided to tell this story through words not movements Her readers continually give her praise for her efforts

The Fear Inside Amy Kathlyn, 2019-02-19 Monica had obediently led a very mobile life as a child had endured heartbreaking losses without hesitation and had continued on as normally as possible the typical timeline of young adults her age until Eric made the normal impossible With alternative intentions Eric infused himself into Monica's life in the guise of romance to solve the mystery of a murder Eric's mission to investigate evolved into a deeper desire to bond with Monica a desire which unwittingly released a history of events and memories that spiraled Monica to that mystical and potentially dark life from which others had sacrificed their lives to protect her What was long oppressed and hidden inside the depths of the petite black haired beauty's soul was rising Those around her became pawns used in a sequence to lead to an ending that would reveal what was destined to become her future but who was the mastermind of these events The confusion of friend or foe perpetrator or victim innocent or guilty produces a constant tension that drives the story into a cataclysmic ending The mystery of Monica's history the ensuing trail of deaths and chaos and the supernatural activity all are connected to Monica and all intensify as she comes closer to facing the fear she holds inside The fear is the key
