The Powerticians:

The Powerticians Thomas F. X. Smith, 1982 *The Life & Times of Jersey City Mayor Frank Hague: "I Am the Law"* Leonard F. Vernon, 2011-11-18 Frank Hague served as the mayor of Jersey City for much of the early twentieth century. While some believed him a thief, others viewed him as a modern day Robin Hood. He could put food on your table or triple your taxes, give you a job or end your career. It was with this same ease and power that he could make you a federal judge, a congressman, or even a United States senator. He has been remembered, including through a character on the popular TV drama *Boardwalk Empire*, as one of the most corrupt politicians of the century. But in this biography, Leonard Vernon reexamines Hague's deeds, prompting a new understanding of his life and the memory of politicians of the era.

On the Irish Waterfront James T. Fisher, 2011-01-15 Site of the world's busiest and most lucrative harbor throughout the first half of the twentieth century, the Port of New York was also the historic preserve of Irish American gangsters, politicians, longshoremen's union leaders, and powerful Roman Catholic pastors. This is the demimonde depicted to stunning effect in Elia Kazan's *On the Waterfront* (1954) and into which James T. Fisher takes readers in this remarkable and engaging historical account of the classic film's backstory. Fisher introduces readers to the real Father Pete Barry, featured in *On the Waterfront*. John M. Pete Corridan, a crusading priest committed to winning union democracy and social justice for the port's dockworkers and their families, a Jesuit labor school instructor, not a parish priest, Corridan was on, but not of Manhattan's West Side Irish waterfront. His ferocious advocacy was resisted by the very men he sought to rescue from the violence and criminality that rendered the port a jungle, an outlaw frontier, in the words of investigative reporter Malcolm Johnson. Driven off the waterfront, Corridan forged creative and spiritual alliances with men like Johnson and Budd Schulberg, the screenwriter who worked with Corridan for five years to turn Johnson's Pulitzer Prize-winning 1948 newspaper exposé into a movie. Fisher's detailed account of the waterfront priest's central role in the film's creation challenges standard views of the film as a post facto justification for Kazan and Schulberg's testimony as ex-communists before the House Committee on Un-American Activities. *On the Irish Waterfront* is also a detailed social history of the New York-New Jersey waterfront from the rise of Irish American entrepreneurs and political bosses during the World War I era to the mid-1950s, when the emergence of a revolutionary new mode of cargo shipping signaled a radical reorganization of the port. This book explores the conflicts experienced and accommodations made by an insular Irish Catholic community forced to adapt its economic, political, and religious lives to powerful forces of change, both local and global in scope.

The Recall Joseph F. Zimmerman, 1997-10-30 Zimmerman examines in detail the use of the recall by United States voters to remove elected state and local officials from office. The arguments of recall proponents and opponents are analyzed.

and model constitutional and statutory provisions are developed to guide governments considering adoption of the recall or revision of current recall provisions This book is the first since 1912 devoted to a national evaluation of the recall The recall currently is authorized by a constitutional or statutory provision in 26 states and by home rule charters in a number of additional states Zimmerman examines in detail the use of the recall by United States voters to remove elected state and local officials from office The arguments of recall proponents and opponents are analyzed and model constitutional and statutory provisions are developed to guide governments considering adoption of the recall or revision of current recall provisions Recall attempts throughout the United States are reviewed to obtain evidence to evaluate the arguments of recall proponents and opponents The evidence Zimmerman suggests generally supports the proponents The recall has not produced a new era of public official responsibility yet the device has not caused extensive disruption of state and local governments as feared by early opponents In his conclusion Zimmerman analyzes current constitutional and statutory recall provisions to develop model provisions to guide those considering adoption of the recall or revision of existing provisions This analysis will be of particular interest to scholars and researchers of state and local government American constitutional law and public policy

The Last Three Miles Steven Hart,2007 The Last Three Miles is an investigative history of a fascinating chapter in the heroic age of public works the building of the nation s first superhighway designed to connect NYC to the rest of the States Construction of the last three miles of Route 25 marked an epic battle between big labour and big politics It culminated in a murder with a sensational trial and the creation of a motorway so flawed it soon became known as Death Avenue Hart is an award winning journalist and the book is an epic narrative non fiction a la Rybcznski or Petrovski
