

The book cover features a detailed illustration of a large, multi-story house with a prominent chimney, situated in a dense, lush forest. The scene is rendered in a classic, slightly painterly style with a rich color palette of greens, browns, and blues. The house has several windows and a porch, and is surrounded by tall trees and a well-manicured lawn. The overall atmosphere is one of a quiet, secluded woodland retreat.

web if a splined shaft is connected with the internal spline for example at the output of a transmission and if the shaft is long in relation to its diameter then a flank centered fit as shown fig 4 is preferred in order for correct flank centering the backlash between the internal spline teeth and the shaft spline teeth must be zero
