Virtual Reality Office Checklist:

Making Virtual Reality a Reality Alison Valk, Ximin Mi, Ashley L. Schick, 2023-06-15 Walks readers through the key components of developing library led research and programming that leverages emerging technologies with the goal of engaging students and faculty As educational curricula and research evolve to include advanced technologies libraries must offer programming with these emerging technologies in mind including the use of virtual reality VR and augmented reality AR In this timely guide Valk Mi and Schick present readers with tools for assessing their level of organizational readiness to begin such programs and more importantly how to sustain them with limited budgets expertise and resources Building on their own experiences the authors teach readers how to develop technology rich classes assess student projects and overcome technical hurdles They spotlight this kind of programming as integral to building strategic partnerships in an educational environment Readers will learn how to adapt and design programs or initiatives in which the necessary technologies are rapidly changing not only in higher education institutions but also in schools Worksheets and resources assist readers in reflecting on their own work and developing educational programming to suit their organizational needs

On a Mission Valerie Neal, 2025-10-28 The definitive history of all 61 American women astronauts that s perfect for fans of The Six eager for more Sally Ride became a household name as the first American woman in space but scores of equally impressive women have also left their mark in space On a Mission The Smithsonian History of US Women Astronauts spans 45 years and 61 astronauts to share the epic journeys of women who made space for themselves in a male dominated field Valerie Neal emerita curator in the Department of Space History at the Smithsonian s National Air and Space Museum offers a culturally insightful history of the experiences of women astronauts the challenges they ve faced and their distinctive stories Collectively they ve completed more than 100 space shuttle missions and more than 30 long duration stays on the International Space Station and Russian Space Station Mir and they continue to prove themselves in present day space exploration efforts The book includes 50 black and white photographs to complement the historical account With its sweeping look from the first women astronauts to Christina Hammock Koch assigned to the first crewed Artemis mission around the Moon there is no comparably thorough book on America s women astronauts On a Mission is an inspiring tribute to unsung women s history
