Vazquez,2018-01-02 Stretching lengths of yarn across interior spaces American artist Fred Sandback 1943 2003 created expansive works that underscore the physical presence of the viewer This book the first major study of Sandback explores the full range of his art which not only disrupts traditional conceptions of

material presence but also stages an ethics of interaction between object and observer Drawing on Sandback's substantial archive Edward A Vazquez demonstrates that the artist's work with all its physical slightness and attentiveness to place as well as its relationship to minimal and conceptual art of the 1960s creates a link between viewers and space that is best understood as sculptural even as it almost surpasses physical form At the same time the economy of Sandback's site determined practice draws viewers focus to their connection to space and others sharing it As Vazquez shows Sandback's art aims for nothing less than a total recalibration of the senses as the spectator is caught on neither one side nor the other of an object or space but powerfully within it [Sol LeWitt Wall Drawing 1176](#) Sol LeWitt,Josef Albers,2006 Sol LeWitt dedicated his wall drawing to Josef Albers whose colour theory and practice was a significant influence on his own development This volume is published to accompany the exhibition of the same title at the Josef Albers Museum Quadrat in Bottrop from 4 September 27 November 2005 [Flyktpunkter](#) Olle Granath,Margareta Helleberg,1984 [Drawings of Choice from a New York Collection](#) Josef Helfenstein,Jonathan David Fineberg,2002 Drawings of Choice reflects the wide range of contemporary drawing from the casual sketch To The elaborate picture presenting preparatory studies as well as accomplished technically labored drawings The book includes works by 46 artists from an extraordinary privately held collection of contemporary American drawings from the 1960s To The present that emphasize the crucial role that drawings play in the development of the artistic process Represented are works by prominent American artists As well as younger lesser known artists The collection is particularly strong in its group of minimal and conceptual art from the 1960s and 1970s by artists such as Carl Andre Dan Flavin Sol LeWitt Agnes Martin Richard Serra and Lawrence Weiner The very personal character of this collection and especially its exceptionally high level of quality make it a perfect subject For The study and teaching of contemporary drawing and art in general **Sol Lewitt** ,1973 [New York Design at Home](#) Anthony Iannacci,2019-03-26 A photographic tour through designers own spaces from a Greenwich Village town home to a Park Slope brownstone and beyond Designers homes often serve as laboratories where they are free to experiment These spaces are filled with the designer's most personal and cherished objects furnishings and artwork that are concentrated expressions of their style and interests New York Design at Home profiles 27 homes and looks at how these creative professionals among them David Gresham Ellen Hanson Benjamin Pardo Ariel Ashe and many more approach design in their personal space Like most New York City residents they are decorating with much smaller budgets than they have on their work projects but they find creative ways to deal with tiny bathrooms awkward and unusable kitchens and shared living spaces Photographed by Noe DeWitt New York Design at Home highlights the carefully considered details within each interior the Pablo Picasso painting reproduced as wallpaper the kitchen utensils on display textiles that provide pops of color in an otherwise monochromatic space and captures the creative essence of these homes with new never before published images [Art Journal](#) ,1982 **Modern & Contemporary Art at the Virginia Museum of Fine Arts** John B.
