Robert Sauder

The Lost Frontier:

The Lost Frontier David Scheerer,1986 **Ecritage** Michael A. Lewis,2011 *The Yuma Reclamation Project* Robert Sauder,2009-08-15 In the arid American West settlement was generally contingent on the availability of water to irrigate crops and maintain livestock and human residents Early irrigation projects were usually the cooperative efforts of pioneer farmers but by the early twentieth century they largely reflected federal intentions to create new farms out of the western public domain The Yuma Reclamation Project authorized in 1904 was one of the earliest federal irrigation projects initiated in the western United States and the first authorized on the Colorado River Its story exemplifies the range of difficulties associated with settling the nation s final frontier the remaining irrigable lands in the arid West including Indian lands and illuminates some of the current issues and conflicts concerning the Colorado River Author Robert Sauder s detailed meticulously researched examination of the Yuma Project illustrates the complex multiplicity of problems and challenges associated with the federal government s attempt to facilitate homesteading in the arid West He examines the history of settlement along the lower Colorado River from earliest times including the farming of the local Quechan people and the impact of Spanish colonization and he reviews the engineering problems that had to be resolved before an industrial irrigation scheme could be accomplished The study also sheds light on myriad unanticipated environmental economic and social challenges that the government had to confront in bringing arid lands under irrigation including the impact on the Native American population of the region The Yuma Reclamation Project is an original and significant contribution to our understanding of federal reclamation endeavors in the West It provides new and fascinating information about the history of the Yuma Valley and as a case study of irrigation policy it offers compelling insights into the history and consequences of water manipulation in the arid West

The Lost Frontier Mark Asquith,2014-06-19 The success of *The Shipping News* and the film of *Brokeback Mountain* brought Proulx international recognition but their success merely confirms what literary critics have known for some time Proulx is one of the most provocative and stylistically innovative writers in America today She is at her best in the short story format and the best of these are to be found in her Wyoming trilogy in which she turns her eye on America s West both past and present Yet despite the vast amount of print expended reviewing her books there has been nothing published on the Wyoming Stories There is appetite for such a work the plethora of critical work on McCarthy s *Border Trilogy* indicates that the reinvention of the West is a subject for serious academic study Provided by publisher

The Strip Stefan Al,2017-03-03 The transformations of the Strip from the fake Wild West to neon signs twenty stories high to starchitecture and how they mirror America itself The Las Vegas Strip has impersonated the Wild West with saloon doors and wagon wheels it has decked itself out in midcentury modern sleekness It has illuminated itself with twenty story high neon signs then junked them After that came Disney like theme parks featuring castles and pirates followed by replicas of Venetian canals New York skyscrapers and the Eiffel Tower It might be noted that forty two million people visited

Las Vegas in 2015 ten million more than visited the real Paris More recently the Strip decided to get classy with casinos designed by famous architects and zillion dollar collections of art Las Vegas became the implosion capital of the world as developers driven by competition got rid of the old to make way for the new offering a non metaphorical definition of creative destruction In The Strip Stefan Al examines the many transformations of the Las Vegas Strip arguing that they mirror transformations in America itself The Strip is not as popularly supposed a display of architectural freaks but representative of architectural trends and a record of social cultural and economic change Al tells two parallel stories He describes the feverish competition of Las Vegas developers to build the snazziest most tourist grabbing casinos and resorts with a cast of characters including the mobster Bugsy Siegel the eccentric billionaire Howard Hughes and the would be political kingmaker Sheldon Adelson And he views the Strip in a larger social context showing that it has not only reflected trends but also magnified them and sometimes even initiated them Generously illustrated with stunning color images throughout The Strip traces the many metamorphoses of a city that offers a vivid projection of the American dream

The Wild West Will Wright, 2001-08-09 This book written by the author of the celebrated volume Six Guns and Society explains why the myth of the Wild West is popular around the world It shows how the cultural icon of the Wild West speaks to deep desires of individualism and liberty and offers a vision of social contract theory in which a free and equal individual the cowboy emerges from the state of nature the wilderness to build a civil society the frontier community The metaphor of the Wild West retained a commitment to some limited government law and order but rejected the notion of the fully codified state as too oppressive the corrupt sheriff Compelling and magnificently suggestive the book unpacks one of the core icons of our time

The Nation, 1978 Tibet: The Lost Frontier Claude Arpi, Delving deep into the history of the Roof of the World this book introduces us to one of the greatest tragedies of modern times its principal characters as well as the forces impelling them consciously or unconsciously The main knot of our drama was staged in 1950 During this fateful year the dice of fate was thrown There are turning points in history when it is possible for events to go one way or the other when the tides of time seem poised between the flood and the ebb when fate awaits our choice to strike its glorious or sombre note and the destiny of an entire nation hangs in balance The year 1950 was certainly one such crucial year in the destinies of India Tibet and China The three nations had the choice of moving towards peace and collaboration or tension and confrontation Decisions can be made with all good intentions as in the case of Nehru who believed in an eternal friendship with China or with uncharitable motives of Mao Decisions can be made out of weakness greed pragmatism ignorance or fear but once an option is exercised consequences unfold for years and decades to follow In strategic terms Tibet is critical to South Asia and South east Asia Rather the Tibetan plateau holds the key to the peace security and well being of Asia and the world as such This study of the history of Tibet a nation sandwiched between two giant neighbours will enable better understanding of the geopolitics influencing the tumultuous relations between India and China particularly in the backdrop of border disputes and

recent events in Tibet The Lost Frontier Sandra L. Williams,1994 **The American Midwest in Film and Literature**
Adam R. Ochonicky,2020-02-04 How do works from film and literature *Sister Carrie* *Native Son* *Meet Me in St Louis*
Halloween and *A History of Violence* for example imagine reify and reproduce Midwestern identity And what are the
repercussions of such regional narratives and images circulating in American culture In *The American Midwest in Film and*
Literature Nostalgia Violence and Regionalism Adam R Ochonicky provides a critical overview of the evolution contestation
and fragmentation of the Midwest s symbolic and often contradictory meanings Using the frontier writings of Frederick
Jackson Turner as a starting point this book establishes a succession of Midwestern filmic and literary texts stretching from
the late 19th century through the beginning of the 21st century and argues that the manifold properties of nostalgia have
continually transformed popular understandings and ideological uses of the Midwest s place identity Ochonicky identifies
three primary modes of nostalgia at play across a set of textual objects the projection of nostalgia onto physical landscapes
and into the cultural sphere nostalgic spatiality nostalgia as a cultural force that regulates behaviors identities and
appearances nostalgic violence and the progressive potential of nostalgia to generate an acknowledgment and possible
rectification of ways in which the flawed past negatively affects the present nostalgic atonement While developing these new
conceptions of nostalgia Ochonicky reveals how an under examined area of regional study has received critical attention
throughout the histories of American film and literature as well as in related materials and discourses From the closing of the
Western frontier to the polarized political and cultural climate of the 21st century this book demonstrates how film and
literature have been and continue to be vital forums for illuminating the complex interplay of regionalism and nostalgia

Lost Frontier Rod Miller,2015-05-01 This collection of short action filled stories of the Old West goes beyond the tales
everyone knows of the OK Corral and the Dead Man s Hand to focus on the gunfights massacres and daring deeds that are
the stars of local historians but not featured in general histories of the old west These events while less well known offer new
territory for the Wild West buff to explore Each chapter in this book tells a story that deserves to be remembered either
because of its importance its intrigue or just because it s interesting From cowboys and Indians to explorers and electricity to
warfare and gunfights to royalty and rogues the stories here cover a frontier West your education may have missed *The*
Lyceumite and Talent ,1908 *Machinery* Fred Herbert Colvin,Lester Gray French,1935 "A" *Western Filmmakers*
Henryk Hoffmann,2024-10-16 From *High Noon* to *Unforgiven* the A Western represents the pinnacle of Western filmmaking
More intellectual ambitious and time consuming than the readily produced B or serial Westerns these films rely on hundreds
of talented artists This comprehensive reference work provides biographies and Western filmographies for nearly 1 000 men
and women who have contributed to at least three A Westerns These contributors are arranged by their role in film
production Cinematographers composers actors actresses and directors receive complete biographical treatment writers
whose work was used in at least two Westerns are also featured An appendix lists well known actors who have appeared in

either one or two A Westerns as specified **The Lost Frontier** Knut D. Peterson,1980 **The Restoration of the**
