Waters,1986-09 **Trail of the Lost** Andrea Lankford,2023-08-22 From an award winning former law enforcement park ranger and investigator this female driven true crime adventure follows the author s quest to find missing hikers along the Pacific Crest Trail by pairing up with an eclectic group of unlikely allies As a park ranger with the National Park Service s law enforcement team Andrea Lankford led search and rescue missions in some of the most beautiful and dangerous landscapes across America from Yosemite to the Grand Canyon But though she had the support of the agency Andrea grew frustrated with the service s bureaucratic idiosyncrasies and left the force after twelve years Two decades later however she stumbles across a mystery that pulls her right back where she left off three young men have vanished from the Pacific Crest Trail the 2 650 mile trek made famous by Cheryl Strayed s Wild and no one has been able to find them It s bugging the hell

Nature Shock Jon T. Coleman,2020-08-12 An award winning environmental historian explores American history through wrenching tragic and sometimes humorous stories of getting lost The human species has a propensity for getting lost The American people inhabiting a mental landscape shaped by their attempts to plant roots and to break free are no exception In this engaging book environmental historian Jon Coleman bypasses the trailblazers so often described in American history to follow instead the strays and drifters who went missing From Hernando de Soto's failed quest for riches in the American southeast to the recent trend of getting lost as a therapeutic escape from modernity this book details a unique history of location and movement as well as the confrontations that occur when our physical and mental conceptions of space become disjointed Whether we get lost in the woods the plains or the digital grid Coleman argues that getting lost allows us to see wilderness anew and connect with generations across five centuries to discover a surprising and edgy American identity

An Illustrated History and Description of State Prison Life by One who Has Been There Convict in a convict's cell,1871 **Fielding Anger** Azure Forte,2014-05-01 Angry feelings can rise like tidal waves carrying away all logical thought It is human nature for anger to spark impulsive acts of conflict or quiet inward turmoil When the angry behavior fails to deliver success disappointment sets in and more anger emerges The twenty first century person needs to have angry feelings work toward success and move the quality of life forward Just like the athlete on the playing field a person encountering anger can field the situation and make successful moves See what is really happening not what seems to be happening Learn what blame can and cannot do Read personal accounts of true success stories Study the Cycle of Aggression and how it can be broken Learn how to deal with a bully Replace being rejected with being included Have shorter encounters with aggressive angry people **Fielding Anger** is a guide to use more than a book to read a personal tool No two individuals will use it the same way but the many who choose to build skills of fielding anger will include themselves in a new climate of fresh air for a living breathing world
