Victorian Theater:

Everyone's Theater Michael Meeuwis, 2019-07-01 Nearly all residents of England and its colonies between 1860 and 1914 were active theatergoers and many participated in the amateur theatricals that defined late Victorian life The Victorian theater was not an abstract figuration of the world as a stage but a media system enmeshed in mass lived experience that fulfilled in actuality the concept of a theatergoing nation Everyone's Theater turns to local history the words of everyday Victorians found in their diaries and production records to recover this lost chapter of theater history in which amateur drama domesticates the stage Professional actors and playwrights struggled to make their productions compatible with ideas and techniques that could be safely reproduced in the home and in amateur performances from Canada to India This became the first true English national theater a society whose myriad classes found common ground in theatrical display Everyone's Theater provides new ways to extend Victorian literature into the dimension of voice sound and embodiment and to appreciate the pleasures of Victorian theatricality

The Billboard,1926 *Melodramatic Imperial Writing* Neil Hultgren,2014-03-01 Melodrama is often seen as a blunt aesthetic tool tainted by its reliance on improbable situations moral binaries and overwhelming emotion features that made it a likely ingredient of

British imperial propaganda during the late nineteenth century Yet through its impact on many late Victorian genres outside of the theater melodrama developed a complicated relationship with British imperial discourse Melodramatic Imperial Writing positions melodrama as a vital aspect of works that underscored the contradictions and injustices of British imperialism Beyond proving useful for authors constructing imperialist fantasies or supporting unjust policies the melodramatic mode enabled writers to upset narratives of British imperial destiny and racial superiority Neil Hultgren explores a range of texts from Dickens's writing about the 1857 Sepoy Rebellion to W E Henley's imperialist poetry and Olive Schreiner's experimental fiction in order to trace a new and complex history of British imperialism and the melodramatic mode in late Victorian writing **Bookman's Manual** Bessie Graham,1921 **Nineteenth-century Studies** ,2005

Axton,2021-10-21 This study explores the theater actually known and frequented by Dickens in order to show in terms of concrete structural analysis of his novels the nature of the predominantly dramatic or theatrical quality of his genius Author William F Axton finds that the three principal dramatic modes or voices that were characteristically Victorian were burlesquerie grotesquerie and the melodramatic and that the novelist's vision of the world around him was drawn from ways of seeing transformed from those elements in the popular playhouse of his day as revealed in the structure and theme of *Sketches by Boz* *Pickwick Papers* *Oliver Twist* and other novels The last half of the study analyzes representative passages from the novels to illustrate the way in which the principal modes of nineteenth century theatrical style are transmuted into the three important voices of the novelist's prose style The first two voices the burlesque and the grotesque are identified by their exploitation of the stylistic features of farce extravaganza and harlequinade of incongruous likeness and deliberate confusion between realms The melodramatic voice on the other hand seeks to exploit in prose the musically rhythmic and poetic resources of the theater for the purpose of atmosphere moral commentary and structural unity **The Bookman's Manual** Bessie Graham,1924
