Island Time Damon Salesa, 2017-12-08 The task of living in modern New Zealand and especially in modern Auckland is not just to understand how to live with different peoples but how to adapt to the future that has already happened. New Zealand is a nation that exists on Pacific Islands but does not will not perhaps cannot see itself as a Pacific Island nation. Yet turning to the Pacific, argues Damon Salesa, enables us to grasp a fuller understanding of what life is really like on these shores. After all, Salesa argues in many ways New Zealand's Pacific future has already happened. Setting a course through the islands of Pacific life in New Zealand, Tara Tokoroa Porirua, *amaru* and beyond, he charts a country becoming even more Pacific by the hour. What would it mean, this far-sighted book asks, for New Zealand to recognise its Pacific talent and finally act like a Pacific nation. **New Zealand**
