The Enneads Plotinus, 2005-06-30 Regarded as the founder of Neo Platonism Plotinus AD 204-70 was the last great philosopher of antiquity producing 0 works that proved in many ways a precursor to Renaissance thought Plotinus was convinced of the existence of a state of supreme perfection and argued powerfully that it was necessary to guide the human soul towards this state Here he outlines his compelling belief in three increasingly perfect levels of existence the Soul the Intellect and the One and explains his conviction that humanity must strive to draw the soul towards spiritual transcendence A fusion of Platonism mystic passion and Aristotelian thought The Enneads offers a highly original synthesis of early philosophical and religious beliefs which powerfully influenced later Christian and Islamic theology Christianity for Beginners Mike Mazzalongo, 2014-03-12 This 7 chapter book explains basic topics such as belief in God the history and writing of the Bible the person of Jesus the nature of salvation and more All presented in an easy to understand approach suitable for those less familiar with the Bible or the Christian religion 1 Belief in God This first chapter in the series reviews the reasons why Christians believe in a Supreme Being This idea is looked at from both a philosophical and theological perspective 2 The Christian Religion In this lesson we will examine the Christian religion and see how it compares to the other major religions in the world 3 The Bible This lesson examines the history of Bible authorship how the Bible was organized into its present form and some key reasons why Christians believe that it is inspired by God 4 Jesus Christ The Christian faith is based on the person of Jesus Christ In this lesson we will look closely at this person in order to more clearly define His true nature and character 5 Salvation This lesson lays out the simple yet powerful plan that God has initiated to save mankind from eternal condemnation due to personal sin and how Jesus Christ fits in to this plan of salvation 6 The Church The church is the physical presence of Jesus Christ in the world today In this lesson we will examine the New Testament in order to determine what the inspired text says the church should be like and how it should function 7 The Christian Lifestyle A final lesson describing the new motivation and lifestyle that God has designed for those who are followers of Jesus Christ BibleTalk tv **On The Government of the Living** M. Foucault, 2014-09-09 With these lectures Foucault inaugurates his investigations of truth telling in the ethical domain of practices of techniques of the self How and why he asks does the government of men require those subject to power to be subjects who must tell the truth about themselves **Plotinus on Eudaimonia** Kieran McGroarty, 2006-10-05 A philosophical commentary on a section of the Enneads written by the last great Neoplatonist thinker Plotinus The treatise is entitled Concerning Well Being and was written at a late stage in Plotinus life when he was suffering from an illness that was shortly to kill him Its main concern is with the good man and how he should pursue the good life The treatise is therefore central to our understanding of Plotinus ethical theory and the commentary seeks to explicate and elucidate that theory Plotinus views on how one should live in order to fulfil oneself as a human being are as relevant now as they were in the third century AD All Greek and Latin is
