language of preference management Conversational excerpts garnered from around the world trace how parents talk about preferences how infants and children s emergent language conveys their preferences how children themselves are impacted by others preferences and how they in turn influence the preferences of adults and peers The language of preferences is used to crack into altruism aggression and morality which are ways of coming to terms with other people s preferences Behind the scenes is a cognitive engine that uses transformational thought conducting temporal imaginal and mental transformations to figure out other people s preferences and to find more sophisticated means of outmanoeuvring others by persuading them and playing with one s own mind and other people s minds when preferences are blocked This book is a unique and sometimes amusing must read for anyone interested in child development language acquisition socialisation and communication
