Cancer is also a mental game Because I am an author when I was diagnosed with Multiple Myeloma in 2022 I unintentionally lived through my treatment the ups and some of the downs in a very public way Then something strange happened I began to get messages and emails from strangers Lots of strangers My posts and public updates they said were helping them deal with their own brush with cancer as survivors patients caregivers friends family and sometimes as victims The public updates were necessarily short and severely edited This book is an unedited chronology of everything I dealt with to arrive where I am today Woven through the public posts are the raw facts and events I didn t include in the updates I ve also included my hugely subjective opinions on some of the extremes cancer patients and their caregivers go through and how it changes you Looking for a different way to think about cancer Try mine A Cancer Memoir
