Takeoff For Taiwan:

Culture and Customs of Taiwan Gary M. Davison, Barbara Reed, 1998-09-24 Taiwanese society is in the midst of an immense exciting effort to define itself seeking to erect a contemporary identity upon the foundation of a highly distinctive history This book provides a thorough overview of Taiwanese cultural life The introduction familiarizes students and interested readers with the island's key geographical and demographic features and provides a chronological summary of Taiwanese history In the following chapters Davison and Reed reveal the uniqueness of Taiwan and do not present it simply as the laboratory of traditional Chinese culture that some anthropologists of the 1950s through the 1970s sought when mainland China was not accessible The authors examine how religious devotion in Taiwan is different from China in that the selected deities are those most relevant to the needs of the Taiwanese people Literature and art particularly of the 20th century reflect the Taiwanese quest for identity more than the grand Chinese tradition The Taiwanese architecture festivals and leisure activities music and dance cuisine and fashion are also highlighted topics The final chapter presents the most recent information regarding children and education and explores the importance of the Taiwanese family in the context of meaningful relationships amongst acquaintances friends and institutions that make up the social universe of the Taiwanese This text is a lively treatment of one of the world's most dynamic societies

Taiwan's Development Experience: Lessons on Roles of Government and Market Erik Thorbecke, Henry Wan, 2012-12-06 Taiwan's Development Experience Lessons on Roles of Government and Market scrutinizes the main features of the Taiwanese development experience under five interrelated themes and domains Outward orientation vs inward orientation Sources of growth Dynamic balanced growth process the interaction between agricultural and non agricultural sectors The role of government in the transition to a more market oriented economy and The potential transferability of the Taiwanese development experience to developing countries In addition to highlighting the essential contributions of papers the Editors also bring out the views and contributions under each of the above headings of two distinguished former Cornell University colleagues who are honored at the sponsoring conference T C Liu and S C Tsiang

China's Modernization II Gerhard Preyer, 2015-09-09 The idea of only one way leading to a modern society seems to be hardly tenable But even if we agree to this our theories and terms describing modernization are gained on our own Western history So social science has to reconsider its basic terms to describe China's modernization and maybe even the understanding of modernization itself The second of two volumes on China's modernization collects articles by leading Chinese and Western scientists focusing on the main conflicts and differences this process involves In the first section On Contemporary Theory of Modernization Manussos Marangudakis represents Shmuel N Eisenstadt's concept of Multiple Modernities and the Theory of Indeterminacy one of the best elaborated perspectives on modernity Changing China Dealing with Diversity the second section examines how China copes with dissent and discusses the significance of law and a civil society Merle Goldman begins with Dissent of China's Public Intellectuals in the Post Mao

Era The Modernization of Law in China its Meaning Achievements Obstacles and Prospect is the subject of Qingbo Zhang Scott Wilson presents a Gramscian analysis of civil society in China s State in the Trenches And Francis Schortgen and Shalendra Sharma study how China is Manufacturing Dissent Domestic and International Ramifications of China s Summer of Labor Unrest Neoliberalism and the Changes in East Asian Welfare and Education is the focus of the third section Beatriz Carrillo Garcia investigates the Business Opportunities and Philanthropic Initiatives in China Time Politics and Homelessness in Contemporary Japan is the subject of Ritu Vij Different school books show the Educational Modernisation Across the Taiwan Straits by David C Schak And Ho fung Hung discusses the role of China in globalization following the question Is China Saving Global Capitalism from the Global Cri sis The additional rubric On Contemporary Philosophy involves three articles about International Development Paradox and Phronesis by Robert Kowalski The World in the Head by Robert Cummins and Communication Cooperation and Conflict by Steffen Borge Content and abstracts www protosociology de

Lessons from Taiwan Institute of Strategic and International Studies (Malaysia),1986 **A History of East Asia** Charles Holcombe,2017-01-11 The second edition of Charles Holcombe s acclaimed introduction to East Asian history from the dawn of history to the twenty first century **America and Island China** Stephen P. Gibert,William M. Carpenter,1989-03-08 This book documents the history of U S Republic of China relations over the past forty years with the emphasis on the decade from 1979 under the Taiwan Relations Act TRA Includes all the important documents concerning American relations with Taiwan together with illustrative selections of less important documents since the establishment in 1949 of the Republic of China on the island of Taiwan The major portion of the documents relate to the past decade following the passage by the U S Congress of the TRA This law which dictates close U S relations with a non recognized nation offers for examination a unique experiment in American diplomatic history **Productivity, Technological Choice and Distribution of Income in Taiwan's Agricultural Sector, 1946-1975** M. Jackson Karunasekera,1978 *China's Rise in the Age of Globalization* Jianyong Yue,2018-01-12 This book deconstructs a series of myths surrounding China s economic rise The first myth is that globalization led directly to China s rise the second is that China is another East Asian developmental state the third that China s market reform had been implemented in an incremental way and fourth that China s resilient authoritarianism has been effective in ensuring the country s economic and political transformation Yue argues that the China model is one of crony comprador capitalism that has hindered the country s attempts at economic and political modernity It is argued that the United States strategy of integrating China into the international system is self defeating in the long run not because such an approach has created a restless empire capable of challenging US primacy but because the Chinese miracle has subsequently backfired on the liberal order created after World War Two Covering the entire reform period from the end of the Cultural Revolution in 1976 to the present day the author calls for readers to rethink globalization and leave more policy space for China and the developing nations to pursue national development through internal

integration which is more conducive to democratic transition and global peace

Conference on Economic Development Experiences of Taiwan and Its New Role in an Emerging Asia-Pacific Area, June 8-10, 1988, 1988

Taxation and Economic Development in Taiwan Glenn P. Jenkins, Chun-Yan Kuo, Kenan Sun, 2003 Documenting the evolution of economic development and fiscal policies in Taiwan over the last four decades this work explores the effectiveness of specific tax and trade policies The authors make a major revision to the previously accepted role played by the export processing zones and the protection of domestic producers from foreign competition The extensive use of duty exemption systems enabled the government to create competition among the exporting firms and the innovative design of economic policies and administrative systems helped the private sector generate savings expand investments and promote exports This work analyzes how unique fiscal policies and administrative practices were designed to foster the rapid growth and development of Taiwan during this period
