

# Antarctica 3D Foldable Circle Research Craft

## Materials

- Scissors
- Glue
- Printed circle templates
- String or yarn

## Directions

1. Glue your templates. Fold the circle templates.
  2. Fill in the templates.
  3. Cut each circle out.
  4. Fold the circles in half vertically.
  5. Start with two circles. Glue the back half of one circle to the left half of the other.
  6. Be sure to glue the back sides together, not the front sides. This allows the writing and/or images to show in the final product.
  7. Next, take circle three and continue with the gluing pattern above.
  8. Before gluing the last two circles together, tape a piece of string or yarn to one side. The string should be about an inch into the circle, long enough hanging out of the top to hang it from the desired height.
  9. Glue the final sides together to make the completed 3D circle craft.
- Oh, hang and enjoy!

## **The Research Craft:**

*The Craft of Research, 2nd edition* Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, 2008-04-15 Since 1995 more than 150 000 students and researchers have turned to *The Craft of Research* for clear and helpful guidance on how to conduct research and report it effectively Now master teachers Wayne C Booth Gregory G Colomb and Joseph M Williams present a completely revised and updated version of their classic handbook Like its predecessor this new edition reflects the way researchers actually work in a complex circuit of thinking writing revising and rethinking It shows how each part of this process influences the others and how a successful research report is an orchestrated conversation between a researcher and a reader Along with many other topics *The Craft of Research* explains how to build an argument that motivates readers to accept a claim how to anticipate the reservations of thoughtful yet critical readers and to respond to them appropriately and how to create introductions and conclusions that answer that most demanding question So what Celebrated by reviewers for its logic and clarity this popular book retains its five part structure Part 1 provides an orientation to the research process and begins the discussion of what motivates researchers and their readers Part 2 focuses on finding a topic planning the project and locating appropriate sources This section is brought up to date with new information on the role of the Internet in research including how to find and evaluate sources avoid their misuse and test their reliability Part 3 explains the art of making an argument and supporting it The authors have extensively revised this section to present the structure of an argument in clearer and more accessible terms than in the first edition New distinctions are made among reasons evidence and reports of evidence The concepts of qualifications and rebuttals are recast as acknowledgment and response Part 4 covers drafting and revising and offers new information on the visual representation of data Part 5 concludes the book with an updated discussion of the ethics of research as well as an expanded bibliography that includes many electronic sources The new edition retains the accessibility insights and directness that have made *The Craft of Research* an indispensable guide for anyone doing research from students in high school through advanced graduate study to businesspeople and government employees The authors demonstrate convincingly that researching and reporting skills can be learned and used by all who undertake research projects New to this edition Extensive coverage of how to do research on the internet including how to evaluate and test the reliability of sources New information on the visual representation of data Expanded bibliography with many electronic sources

***The Craft of Research, Fourth Edition*** Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, Joseph Bizup, William T. FitzGerald, 2016-10-07 A newly updated Fifth Edition of *The Craft of Research* has just been published under the ISBN 9780226826677 You can find it through search on this site or at any retailer With more than three quarters of a million copies sold since its first publication *The Craft of Research* has helped generations of researchers at every level from first year undergraduates to advanced graduate students to research reporters in business and government learn how to conduct effective and meaningful research Conceived by seasoned researchers and

educators Wayne C Booth Gregory G Colomb and Joseph M Williams this fundamental work explains how to find and evaluate sources anticipate and respond to reader reservations and integrate these pieces into an argument that stands up to reader critique The fourth edition has been thoroughly but respectfully revised by Joseph Bizup and William T FitzGerald It retains the original five part structure as well as the sound advice of earlier editions but reflects the way research and writing are taught and practiced today Its chapters on finding and engaging sources now incorporate recent developments in library and Internet research emphasizing new techniques made possible by online databases and search engines Bizup and FitzGerald provide fresh examples and standardized terminology to clarify concepts like argument warrant and problem Following the same guiding principle as earlier editions that the skills of doing and reporting research are not just for elite students but for everyone this new edition retains the accessible voice and direct approach that have made *The Craft of Research* a leader in the field of research reference With updated examples and information on evaluation and using contemporary sources this beloved classic is ready for the next generation of researchers Over 700 000 copies sold Every step of the academic research process from the why of research through forming the research question formulating an argument and revision Helpful chapters on research ethics formulation of writing assignments for teachers and an appendix of research tools for both off and online Clear advice on building a strong argument in an age of false claims Careful attention to both the how and why of objective research based writing Easy to follow time tested advice A must have for any college or graduate student

**The Craft of Research, Fifth Edition** Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, Joseph Bizup, William T. FitzGerald, 2024-06-24 A thoroughly updated edition of a beloved classic that has guided generations of researchers in conducting effective and meaningful research With more than a million copies sold since its first publication *The Craft of Research* has helped generations of researchers at every level from high school students and first year undergraduates to advanced graduate students to researchers in business and government Conceived by seasoned researchers and educators Wayne C Booth Gregory G Colomb and Joseph M Williams this fundamental work explains how to choose significant topics pose genuine and productive questions find and evaluate sources build sound and compelling arguments and convey those arguments effectively to others While preserving the book's proven approach to the research process as well as its general structure and accessible voice this new edition acknowledges the many ways research is conducted and communicated today Thoroughly revised by Joseph Bizup and William T FitzGerald it recognizes that research may lead to a product other than a paper or no product at all and includes a new chapter about effective presentations It features fresh examples from a variety of fields that will appeal to today's students and other readers It also accounts for new technologies used in research and offers basic guidelines for the appropriate use of generative AI And it ends with an expanded chapter on ethics that addresses researchers broader obligations to their research communities and audiences as well as systemic questions about ethical research practices This new edition will be welcomed by a new and more diverse generation of researchers
