E. Clark, 2014-07-15 Though we take light for granted the world's greatest scientists have long puzzled over its nature properties and behavior Its incredible speed mysterious frequency relationship to color form of travel and uncanny ability to reflect refract diffract and be absorbed altogether make light the ever elusive quarry of science's greatest hunters of knowledge and understanding This is the enthralling account of their investigations and discoveries their conclusive insights and ongoing questions enhanced by full color photographs and explanatory visual aids If you thought you knew everything there is to know about light think again and read on The Complete Works George MacDonald, 2022-11-13 In The Complete Works George MacDonald offers an extensive collection of his literary masterpieces encompassing poetry novels and fairy tales that delve into themes of spirituality morality and the power of imagination MacDonald's writing is characterized by its lyrical prose and deep philosophical underpinnings often reflecting the influence of Romanticism and early Victorian beliefs His narratives frequently intertwine the fantastical with the moral inviting readers to traverse realms where the ethereal meets the tangible making this collection not just a showcase of his literary talent but a significant exploration of human experience and divine grace George MacDonald 1824 1905 was not only a novelist but also a fervent theologian whose religious convictions deeply informed his prose He is often regarded as a precursor to modern fantasy literature influencing prominent figures such as C S Lewis and J R R Tolkien MacDonald's experiences in the Scottish Highlands and his embrace of Christian Universalism shaped his narrative vision allowing him to portray both the struggles and redemptive arcs of his characters in profoundly relatable ways The Complete Works is highly recommended for both the casual reader and the scholarly enthusiast offering a rich tapestry that reflects the depth of human experience through the lens of divine love and wonder This collection serves as an essential entry point to understanding the evolution of fantasy literature and the theological paradigms that informed MacDonald's groundbreaking work Unspoken Sermons, Series I., II., and III George MacDonald, 2018-09-16 *The Trinity* Saint Augustine (of Hippo), 1990 A splendid translation made from a trustworthy Latin text of what is for some of us the foundation work of Christian theology He has fitted out his translation clearly the best of the four that have been made into English with notes that go well beyond the perfunctory and a 38 page
