When Justice Fails:

Confronting Failures of Justice Paul H. Robinson, Jeffrey Seaman, Muhammad Sarahne, 2024-08-06 Most murderers and rapists escape justice a horrifying fact that has gone largely unexamined until now This groundbreaking book tours nearly the entire criminal justice system examining the rules and practices that regularly produce failures of justice in serious criminal cases Each chapter outlines the nature and extent of justice failures in present practice describing the interests at stake and providing real world examples Finally each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice frustrating manner and recommends one sometimes completely original reform to improve the system A systematic study of justice failures is long overdue As this book discusses regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system s credibility with the community as a moral authority The damage caused by unpunished crime is immense and even worse falls primarily on vulnerable minority communities Now for the first time students researchers policymakers and citizens have a resource that explains why justice failures occur and what can be done about them *Confronting Failures of Justice* is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures but it could be used in conjunction with other texts in a broad range of courses touching on criminal justice It presents arguments in a highly organized fashion and provides dozens of case studies many with photographs to gain student interest and to bring the academic discussions to life
