Summary of Dr. David D. Burns's When Panic Attacks Everest Media, 2022-04-26T22:59:00Z. Please note: This is a companion version, not the original book.

Sample Book Insights:

1. Anxiety comes in many different forms. You may be afraid of needles, blood, heights, elevators, driving, flying, water, spiders, snakes, dogs, storms, bridges, or getting trapped in closed spaces.
2. If you're lonely and struggling with shyness, what would it be worth to you if I could show you how to overcome them? Imagine that you could go to bed tonight without that knot in your stomach, feeling confident and relaxed.
3. The four theories of the cause and cure of anxiety are the Cognitive Model, the Exposure Model, the Hidden Emotion Model, and the Biological Model. They all have their advocates, and it's not an either-or situation. If you and your doctor feel that medications are necessary, or if you strongly prefer to be treated with an antidepressant, you can use a combination of drugs and psychotherapy.
4. The Cognitive Model is based on three simple ideas: you feel the way you think; when you're anxious, you're fooling yourself; and when you change the way you think, you can change the way you feel.

Understanding Anxiety and Panic Attacks Lily Marsh, 2015.

Stop the Fear: Learn to Stop Anxiety, Panic Attacks, and Take Control of Your Life Donald Marlow, 2012-12-22. Everybody knows those feelings that panic and anxiety causes when it grips you in its iron fist: you feel like you cannot breathe, your chest hurts, and you begin to sweat. Anxiety and panic can strike anybody at any time. There is a misconception that it is only triggered by a phobia or by a traumatic event. In fact, anxiety can happen anywhere, to anybody, for any number of reasons. So it does not matter if you have anxiety, a diagnosed anxiety disorder, or panic attacks; the reason that you have them does not matter. What matters is that you can help to manage your anxiety symptoms. You do not have to be overwhelmed by anxiety and left feeling helpless while in the grip of an anxiety attack or a panic attack. You can manage them, and this book will tell you how. Take back some control of your life and stop living in dread of having anxiety and panic attacks.
