major force in Chinese poetry since 1968 when several of his poems were circulated as secret handwritten manuscripts in the midst of China's Cultural Revolution. He gave voice to the aspirations of dispirited youth and although once relegated to obscurity, he is today celebrated as one of China's most important cultural influences, having spawned the modern Chinese poetry revolution of the 1980s. This collection of Shi Zhi's most significant poems, featuring an afterword by the poet himself, is the first book-length publication of his work in English. Born as Guo Lusheng in 1948 at the height of the Chinese Civil War, Shi Zhi joined the People's Liberation Army at the age of twenty-three. Discharged early, he entered into a period of severe depression and spent much of the next three decades living in mental hospitals under harsh conditions. Taking the pen name of Shi Zhi (meaning index finger to evoke the image of people pointing at his back), he continued to write poetry through these tumultuous years, chronicling his journey from the heights of fame to the depths of institutionalism and ultimately to a final redemptive return to society in 2005. The voice of this besieged poet, burdened with exile and illness, captured the spirit of his generation and now inspires young readers. By presenting Shi Zhi's poems in chronological order, *Winter Sun* allows readers to appreciate the evolution of his poetry from his earliest work to his most recent poems. Masterfully translated by Jonathan Stalling and with an introduction by leading poetry critic Zhang Qinqin, this landmark collection ensures that Shi Zhi's poetry, so important to Chinese readers during the most challenging of times, will engage the hearts and minds of new readers the world over for years to come.

John Burroughs' America John Burroughs, Farida Anna Wiley, 1997-01-01. A rich selection of passages from the author's 25 books includes delightful pieces written with grace and elegance about the rewards and frustrations of trout fishing, the lives and habits of foxes, chipmunks, hawks, weasels, honeybees, and other creatures, the rhythms of the seasons, and many other topics. Enhanced with 28 charming woodcut illustrations.

A Pale Winter's Sun Robert R Hamlyn, 2025-12-05. The Bayeux tapestry is an embroidery describing the battle of Hastings of 14 October 1066, in which William Duke of Normandy defeated the Saxon King Harold. The final panels have been lost to the vagaries of time, however, their fate has been the subject of much conjecture. Most commentators declare the subject matter to have been William's coronation and ascent to the English throne, some proclaim it as a matter of Faith to be the prediction of future events. Questions arise: Where are the missing panels? What do they mean? Are the missing panels really the key to the final battle, Armageddon? Luke Steiner will once again confront the persistent presence of a pernicious evil stemming from the 11th century to the present day. As fate would have it, Luke, a consistently unwitting participant in the battle between uncompromised good and baleful iniquity, is in the appointed place at the appointed time to put the puzzle pieces together. X never marks the spot until it does.
