English abstract The objective of this study is to provide recommendations on how to improve the cooperation between Wolt
and its courier partners during and after the Covid 19 crisis based on the views and opinions expressed by the courier
partners in Tallinn The views and opinions of Wolt s courier partners on actions and strategies implemented by Wolt during
the pandemic and preferred relationship status will be used to make suggestions on how to improve the cooperation between
the two parties According to Statista an online database food delivery platforms along with other service sector businesses in
Estonia contributed significantly to GDP over 61% from 2009 to 2019 Moreover the global turnover of 151 526 million in
2021 was forecast in the sector Online Food Delivery with China expected to generate the highest turnover and the estimated
turnover for Estonia in 2021 is 20 million Statista 2020 1 Wolt one of the largest e residency companies in Estonia
contributes significantly to the Estonian economy by paying social contributions on behalf of its individual courier partners
and paying business courier partners a higher commission to compensate for their tax expenses By the last quarter of 2020
Wolt has paid up to EUR 300 000 in taxes for its courier partners in Estonia Therefore the continued survival and profitability
of online food delivery platforms in Estonia is important for the well being of citizens As the hardship caused by the pandemic
continues to transform almost all aspects of human life worldwide the role of online food delivery companies in providing
