Taboo ,2005 Myths of the Dog-Man David Gordon White,1991-05-07 An impressive and important cross cultural study that has vast implications for history religion anthropology folklore and other fields Remarkably wide ranging and extremely well documented it covers among much else the following medieval Christian legends such as the 14th century Ethiopian Gadla Hawaryat Contendings of the Apostles that had their roots in Parthian Gnosticism and Manichaeism dog stars especially Sirius dog days and canine psychopomps in the ancient and Hellenistic world the cynocephalic hordes of the ancient geographers the legend of Prester John Visvamitra and the Svapacas Dog Cookers the Dog Rong warlike barbarians during the Xia Shang and Zhou periods the nochoy ghajar Mongolian for Dog Country of the Khitans the Panju myth of the Southern Man and Yao barbarians from chapter 116 of the History of the Latter Han and variants in a series of later texts and the importance of dogs in ancient Chinese burial rites Extremely well researched and highly significant Victor H Mair Asian Folklore Studies Taboo ,2005 Taoism Holmes H. Welch, Jr.,1971-06-01 Called a first rate piece of work by T S Eliot this book offers a comprehensive discussion of Taoism one of the world s major religions as well as a study of the Tao te ching the best known Taoist text and Lao tzu as a Taoist prototype LIFE ,1972-02-11 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use Straw Dogs John Gray,2016-03-29 The British bestseller Straw Dogs is an exciting radical work of philosophy which sets out to challenge our most cherished assumptions about what it means to be human From Plato to Christianity from the Enlightenment to Nietzsche and Marx the Western tradition has been based on arrogant and erroneous beliefs about human beings and their place in the world Philosophies such as liberalism and Marxism think of humankind as a species whose destiny is to transcend natural limits and conquer the Earth John Gray argues that this belief in human difference is a dangerous illusion and explores how the world and human life look once humanism has been finally abandoned The result is an exhilarating sometimes disturbing book that leads the reader to question our deepest held beliefs Will Self in the New Statesman called Straw Dogs his book of the year I read it once I read it twice and took notes I thought it that good Nothing will get you thinking as much as this brilliant book Sunday Telegraph

The Political Theory of John Gray John Horton,Glen Newey,2013-10-28 John Gray is one of today s most brilliant bestselling and controversial political thinkers This new collection examines him from a variety of stimulating angles This new volume comprising original contributions from a number of distinguished political theorists in addition to a reply by Gray himself is the first book to systematically review the general significance of his work He is much cited and discussed within political and social theory but he also has a much wider audience being one of those quite rare creatures in British academic life a public intellectual writing regularly for the quality press and appearing on both radio and TV His books sell in large

numbers Straw Dogs reached the top five in The Sunday Times bestseller list and was very widely reviewed in broadsheets and weeklies It was extravagantly praised by Will Self and chosen by novelist Monica Ali as her book of the year This book was previously published as a special issue of the leading Critical Review of International Social and Political Philosophy

Interconnection of the Wisdoms of Sages and Worthies The Ultimate Meaning of Dao De Jing Zhang Jiankun, *George Kateb* John Seery,2014-10-24 George Kateb s writings have been innovatory in exploring the fundamental quandary of how modern democracy sovereignty vested in the many might nevertheless protect respect promote even celebrate the singular albeit ordinary individual His essays often leading to unexpected results have focused on many inter related topics rights representation constitutionalism war evil extinction punishment privacy patriotism and more This book focuses in particular on his thought in three key areas Dignity These essays exhibit the breadth and complexity of Kateb s notion of dignity and outline some implications for political theory Rather than a solely moral approach to the theory of human rights he elaborates a human dignity rationale for the very worth of the human species Morality Here Kateb challenges the position that moral considerations are often too demanding to have a place in the rough and tumble of modern politics and political analysis Rejecting common justifications for the propriety of punishment he insists that state based punishment is a perplexing moral problem that cannot be allayed by repairing to theories of state legitimacy Individuality These essays gather some of Kateb s rejoinders and correctives to common conceptions and customary critiques of the theory of democratic individuality He explains that Locke s hesitations and religious backtracking are instructive perhaps as precursors for the ways in which vestigial beliefs can still cloud moral reasoning **The Theosophical Review** ,1906 Chinese Religious Ideas Patrick Johnston Maclagan,1926 **A History of the Religious Beliefs and Philosophical Opinions in China from the Beginning to the Present Time** Léon Wiegner,1927 The Canon of Reason and Virtue ...
